ADMINISTRATION

the 111th of Nineteen 33

HARRY WOODBURN CHASE

President

the Illio of Nineteen 33

THE history of our country is the story of a great tradition—a tradition which presents a real passion for increased opportunity for the individual—that has run through American life. The history of this country is not a history of men and women who have refused to face difficulties and to overcome them. It is not a history of people who have taken their ease, or who have believed in the futility and the purposelessness of life. The real life of America has always been a struggle.

If ever there was a time which offered a challenge to educated men and women, that time has been in the past three years. The way up and out of the situation in which the world has found itself is not primarily to be found in any sort of external machinery of government, or control, or law, that men may devise. We cannot abdicate to governments the thinking and the energy that ought to characterize us as individuals. In such situations as we have confronted in these past few years it always has been, in America, and it always will be, individual effort and energy and intelligence that make possible the forward steps that count.

We must have, if you please, leadership, but leadership that calls on the individual to do the utmost for himself.

H. W. Chase

President, University of Illinois

the Illio of Nineteen 33

EDWARD E. BARRETT
President, Board of Trustees

To the Students of Illinois:

PROBABLY no other students in the history of the University have met with quite the same conditions economically that have occurred during your college career.

You entered the University at the beginning of a great era of economic recession and unless all signs fail, you will be leaving the University at the beginning of a new era of progress.

There will be a great opportunity for you to assist in so shaping the era of progress that the mistakes which have brought about the era of recession may never occur again.

You have had to give more thought to the serious things of life than those who preceded you. Your characters have been strengthened thereby and you will therefore be better prepared to meet the problems of the future.

As representing the Board of Trustees of the University of Illinois, I greet you as a body of students with great opportunities for distinction and one that, profiting by its four years of unusual experience, will accept the challenge and press on to greater accomplishments.

Edward E. Barrett.

DEAN MILO S. KETCHUM

MILO SMITH KETCHUM, '95, Dean of the College of Engineering, was born in Kewanee, Illinois, on January 26, 1872. Since finishing his undergraduate work he has been constantly connected with universities, except for two brief periods. In 1897-99 he served as bridge and structural engineer for the Gillett-Herzog Manufacturing Company, and in 1903-04 he was with the American Bridge Company in Kansas City. During the war he was Assistant Director of the U. S. Government Explosives Plant in administrative charge of the construction of the Smokeless Powder Plant at Nitro, West Virginia. Before assuming his present position in 1922, he served in similar capacities at the University of Colorado from 1905 to 1919, and at the University of Pennsylvania from 1919 to 1922.

The College of Engineering

THE history of the College of Engineering is as old as that of any of the Colleges in the University, for in May, 1867, at its second meeting, the Board of Trustees adopted the report of its Committee on Courses of Study and Faculty which provided for the establishment of "courses in Mechanical Science and Art, Civil Engineering, Mining Engineering and Metallurgy, and Architecture and Fine Arts." Instruction in Engineering began January 1, 1870, but announcements of the curricula in Engineering were not published until 1871-72, when four curricula were offered; namely, Mechanical Engineering, Civil Engineering, Mining Engineering, and Architecture.

Today the College of Engineering offers twelve curricula and has a splendidly equipped Experiment Station which does research work in all branches of Engineering. Graduate work in engineering has been increasing markedly in the last few years, and the several engineering departments are developing their graduate courses as rapidly as their resources will permit. The work of the Engineering Experiment Station, which dates from 1903, is probably unequalled anywhere in the United States.

ENGINEERING BUILDING

the Illio of Nineteen 33

HARRIS FRANCIS FLETCHER, Assistant Dean of the College of Liberal Arts and Sciences, was born at Ypsilanti, Michigan, October 23, 1892. He left Michigan State Normal College in 1912, and received his Bachelor of Arts degree at the University of Michigan in 1914. From the same University he received his Master of Arts degree in 1923 and his Doctor of Philosophy degree in 1926. Mr. Fletcher was superintendent of Schools at Algonac, Michigan, from 1914 to 1918, and instructed in rhetoric at the University of Michigan from 1923 to 1926. In 1926 he accepted the position of assistant professor of English at the University of Illinois. In 1931, he was appointed Assistant Dean of the College of Liberal Arts and Sciences.

ASSISTANT DEAN HARRIS F. FLETCHER

The College of Liberal Arts and Sciences

ALTHOUGH points of view regarding the securing of a liberal education have changed considerably in the past century, there is a certain persistence from one generation to another of interests peculiar to the liberal college. It has been apparent that the problems arising from those interests have been taking a definite trend.

The College of Liberal Arts and Sciences reflects this trend in the wide variety of opportunities offered to undergraduates, whether in the so-called "humanities" or in the sciences. This College has been concerned chiefly with fitting young people to meet the problems of the present age, for this purpose drawing upon the intellectual and cultural as well as the factual heritages of the past and present. The College also offers approaches to various professional schools and colleges, these approaches being in the main attempts to aid the student in finding himself both professionally and as an adult human being.

CHEMISTRY BUILDING

the Illio of Nineteen 33

DEAN CHARLES M. THOMPSON

CHARLES MANFRED THOMPSON, '09, Dean of the College of Commerce and Director of the Bureau of Business Research, was born in Fairfield, Illinois, on November 10, 1877. On completing his undergraduate work here, he went to Harvard University, where he studied in 1910-1911, returning to the University of Illinois in 1911 as an assistant in history. He continued his graduate work here, receiving his Doctor of Philosophy degree in 1913. Since that time he has been serving continuously on the faculty, accepting his present position in 1912. In 1932 he accepted the McKinley Professorship of the Economics of Public Utilities, and in the same year he was appointed Head of the Department of Public Utilities and Transportation.

The College of Commerce

ALTHOUGH courses in business and commercial training were offered as early as 1902 under the supervision of Dr. David Kinley, Dean of the College of Literature and Arts, it was thirteen years later that the College of Commerce and Business Administration was organized as an independent and educational unit with a Dean and a faculty.

Its courses aim at the development of fundamentals, and to further this end, theories rather than practices are stressed in the classroom. Students in the College of Commerce therefore are led to know the way of whatever they undertake. To put the matter in other words, they learn how to make tools as well as sharpen them.

COMMERCE BUILDING.

HERBERT WINDSOR MUMFORD, Dean of the College of Agriculture, Director of the Agricultural Experiment Station and Agricultural Extension Service, was born in Moscow, Michigan, February 26, 1871. He received his education at Albion College and Michigan State College, from which he was graduated in 1891, and from which he received the honorary degree of Doctor of Agriculture in 1927. Returning to his Alma Mater in 1895, he served as an instructor and assistant in the Agricultural College and Experiment Station, attaining his full professorship in 1899. In 1901 he was appointed Professor of Animal Husbandry at the University of Illinois, and since that time has been here continuously, serving in his present capacity since 1922.

DEAN HERBERT W. MUMFORD

The College of Agriculture

THE College of Agriculture serves an Illinois industry valued at three and three-quarter billion dollars. It had its beginning in 1867 with the establishment of the Illinois Industrial University, and has made rapid progress since 1895. The staff, including members in the Agricultural Experiment Station and Extension Service, now numbers approximately one hundred eighty. Buildings, land, laboratory equipment, and other facilities have grown from very meager beginnings to the point where the institution is among the best equipped of its kind.

Enrollment in the College has increased from 50 in 1870, to 656 in 1932. Research and experimental projects are in progress to help solve the practical and scientific problems confronting farmers and homemakers individually and collectively. Something of the scope of the Agricultural Experiment Station's work can be judged from an annual report of approximately 270 pages. From the results of the research and experimental work, proven methods are introduced into every section of the state through the work of the agricultural and home economics extension services.

OLD AGRICULTURE BUILDING

the Illio of Nineteen 33

DEAN THOMAS E. BENNER

THOMAS ELIOT BENNER, Dean of the College of Education, was born in Danvers, Massachusetts, February 11, 1894. He was graduated from Harvard University in 1914, returning for graduate work in 1915 and again in 1922, and receiving his Doctor of Education degree in 1924. His experience includes public school work in Massachusetts, Maine, and Alabama, the chancellorship of the University of Porto Rico, and a visiting professorship at Columbia University. He became Dean of the College of Education September 1, 1931.

The College of Education

THE College of Education had its origin in the creation of a chair of Pedagogics in 1893 and the selection of Dr. Frank Martin McMurry as its first occupant. The way for this action had been prepared by Charles de Garmo, Professor of Psychology, who had shown an especial interest in the study of education. In 1900 there was established a Department of Education, which became the School of Education in 1907, and finally received its present title, the College of Education, in 1918. The major obligation of the College has been considered from the beginning to be the training of high school teachers, principals, supervisors, and superintendents. In carrying on this work, it has had at one time or another the services of men today known everywhere for their contributions, such as William Chandler Bagley, Lotus D. Coffman, W. W. Charters, and B. R. Buckingham.

ADMINISTRATION BUILDING

ALBERT JAMES HARNØ, Dean of the College of Law, was born in Holabird, South Dakota, January 30, 1889. He was graduated from Dakota Wesleyan University in 1911, from which school he received the honorary degree of Doctor of Laws, in 1927. In 1914 he received his Bachelor of Laws degree, magna cum laude, at Yale University. He practiced in Los Angeles until 1917, when he became Dean and Professor at Washburn College of Law in Topeka, Kansas. In 1919 he went to the University of Kansas as Professor of Law. He has served here as Professor of Law since 1921, and as Dean since 1922. This year he is serving as Provost of the University in addition to his deanship.

DEAN ALBERT J. HARNØ

The College of Law

THE primary purpose of the College of Law is to train students for the practice of law. But, as a diversity of types and methods of training, with varying degrees of emphasis, are included under the general title of EDUCATION, so is the situation in legal education. The faculty of the College seeks among its objectives to impress on students the value of learning to think clearly and to the point, and to inculcate in them an appreciation of the purpose of law in the social order and the necessity of its growth to the end that it will keep pace with the changing conditions. This process involves a study of the decisions of courts; it also includes the stressing of social and economic factors as forces contributing to and influencing legal decisions and trends in the law.

As an integral part of its program, the College aims to promote legal scholarship and research, to develop an appreciation of the highest ideals of the profession, and to inspire the consciousness of responsibility of the lawyer to society in furthering the wise development of law and in improving its administration. To students of high scholarship so inclined, the School offers opportunity for training for law teaching.

LAW BUILDING

the Illio of Nineteen 33

DEAN REXFORD NEWCOMB

REXFORD NEWCOMB, Dean of the College of Fine and Applied Arts, was born at Independence, Kansas, on April 24, 1886. He received his Bachelor of Science degree at the University of Kansas, his Bachelor of Architecture degree and his Master of Architecture degree at the University of Illinois, and his Master of Arts degree at the University of Southern California. These studies were supplemented by travel in both Europe and the Orient. He was Director of the Department of Fine and Applied Arts of Polytechnic Institute, Long Beach, California, principal of the Long Beach Evening High School for four years, and has held professorships at Southern California, Texas Agricultural and Mechanical College, and at the University of Illinois. He has been on the faculty in Architecture at the University of Illinois for fifteen years, and Professor of History of Architecture for eleven years. He was appointed to his present position in 1932.

The College of Fine and Applied Arts

THE College of Fine and Applied Arts which resulted from a grouping, in 1931, of the Departments of Architecture and Art, the Division of Landscape Architecture and the School of Music, is just completing the second year of its existence as a separate administrative unit of the University. But while the College, as such, is new, the various departments comprising it have long been in existence and have contributed hundreds of competent graduates to the professional and educational world.

The College offers nine curricula in the various branches of the arts leading to appropriate degrees. These curricula are so framed that the student obtains as wide a training in liberal studies as is compatible with the laying of firm foundations in the particular art which he proposes to practice.

The college enrolls some six hundred professional students annually. In addition to this number should be added several hundred from other colleges of the University, who desire to profit by the cultural advantages which the College offers. The courses in the appreciation of art, architecture, landscape architecture, and music are particularly popular with non-professional students.

ARCHITECTURE BUILDING

the Illio of Nineteen 33

ARTHUR HILL DANIELS, Dean of the Graduate School, and Acting Dean of the College of Liberal Arts and Sciences, was born in East Medway, Massachusetts, October 19, 1865. After receiving his Doctor of Philosophy degree from Clark University in 1893, he came to the University of Illinois as an instructor in philosophy and was promoted to a professorship in 1899. For a year and a half prior to the union of the College of Literature and Arts and the College of Science in 1913, he was Acting Dean of the former college. He is now for the fourth time serving as Acting Dean of the College of Liberal Arts and Sciences. Since 1919 he has been connected with the office of the Graduate School as Assistant Dean for one year, Acting Dean for two years, and Dean since 1921.

DEAN ARTHUR H. DANIELS

The Graduate School

GRADUATE study began at the University of Illinois when its doors were first opened for instruction in 1868 with a faculty of four members and about fifty students. But the name "Graduate School" was not used in any university publications until 1892, when the Board of Trustees authorized the appointment of a special faculty to have charge of graduate work. The Graduate School represents the organized effort of the University to utilize its resources for the preparation of advanced students for higher teaching and administrative positions, and of investigators in the various fields of human interest and progress. Its student body last year represented every state in the Union, fourteen foreign countries, and over three hundred universities and colleges. Four hundred sixty-four Masters', seventy-three Doctors', and eleven professional degrees in engineering were conferred.

LINCOLN HALL

the Illio of Nineteen 33

DIRECTOR PHINEAS L. WINDSOR

PHINEAS LAWRENCE WINDSOR, Director of the University Library and the Library School, born February 21, 1871, at Chenoa, Illinois, has spent twenty-nine years in library work. He was graduated from Northwestern University in 1895, and studied at the New York State Library School from 1897 to 1899. On leaving there he began his active work as assistant in the New York State Library, but changed to the copyright office of the Library of Congress in 1900. In 1903 he became librarian of the University of Texas, serving there until 1909, when he accepted his present position.

The Library and the Library School

THE University Library, through the General Library and its branches, provides the books needed by students for required reading for class work; it provides books for much of the students' general reading, such as those in the Browsing Room; it provides books for graduate students, who in writing theses often must consult many uncommon volumes; and it provides books the faculty need in their investigations. Not having all the books required, especially for the two latter classes of users, it borrows more than 500 books a year from libraries in other parts of the country.

The librarians organize the more than 870,000 volumes into a useable library, and give much assistance to students and faculty.

The Library School is a professional school for the training of librarians, and admits only college graduates, because a librarian's first need is a good, general education. Students come to it from every part of the country, and its graduates are in libraries similarly located.

UNIVERSITY OF ILLINOIS LIBRARY

the Illio of Nineteen 33

LAWRENCE WILLIAM MURPHY, Director of the School of Journalism, was born in Madison, Wisconsin, on October 18, 1893. He received his Bachelor of Arts degree from the University of Wisconsin, his Master of Arts degree from the University of North Dakota, and has done advanced graduate work at the Universities of Wisconsin and Illinois. Prior to coming to Illinois in 1924, he was engaged in the practice of journalism, military service, and the teaching of journalism. In 1924 he came to the University of Illinois as an assistant professor from the headship of the department of journalism at the University of North Dakota. In 1925 he was made director of the work in journalism at Illinois, and in 1927, when the School of Journalism was established, he was placed at its head.

DIRECTOR LAWRENCE W. MURPHY

The School of Journalism

THE School of Journalism approaches its sixth commencement exercises with the largest senior class in its brief history. There is reason to believe that it has not yet reached its full stature and that it may continue to grow, developing its program to be of aid not only to those seeking careers in the newspaper and magazine world but to those in the new and inviting realms of radio and television journalism, to those in talking pictures journalism and advertising, to those seeking to build success in creative writing on newspaper study and experience, and to those interested in carrying the lessons of editorial training into all walks of life.

Thirty years ago the University offered its first course in journalism. Just as the program of today differs from that of 1902, so the program developed during the coming years will differ from that in effect today. The emphasis on newspaper training as the basic discipline will not change, but the adjustments necessary to utilize inventions and recognize varying interests will bring new elements into the course of study.

UNIVERSITY HALL

the Illio of Nineteen 33

DIRECTOR GEORGE A. HUFF

GEORGE A. HUFF, '92, Director of the School of Physical Education, was born June 11, 1872, in Champaign. He attended the University of Illinois from 1889 to 1893, and Dartmouth College in 1893-94. In 1895 he returned to the University as an assistant director of athletics and as coach of athletic teams. He coached the baseball team for twenty-four years, winning eleven championships, and tying for one other. He became Director of Athletics in 1901, Director of Physical Welfare in 1924, and reached his present position in 1932.

The School of Physical Education

IT IS a far cry from the School of Physical Education, which began its functions with the present school-year, to the year 1914 when the coach of athletics first "went to school" in the University Summer Course in Athletic Coaching, the first of its type.

Convinced that coaches and physical directors should be educated for their work just as men in other fields, instead of entering it as an after-thought, Director Huff obtained the establishment of a four-year professional course in 1919, also the first of its kind, although the example was widely followed by other institutions. More than 400 graduates of the Illinois Course are in the field today.

The School of Physical Education embraces the Departments of Physical Education for men and women, with their professional curricula in physical education, required physical education, intramural athletics and faculty recreation, and also men's intercollegiate athletics. It also includes the Department of Health Service.

The degree of Bachelor of Science in Physical Education is awarded.

MEN'S NEW GYMNASIUM

the Illio of Nineteen 33

FREDERICK BOGUE NOYES, Dean of the College of Dentistry, was born in Chicago on August 22, 1872. He was graduated from Beloit Academy in 1890, received the degree of Bachelor of Arts from John Hopkins University in 1893, and that of Doctor of Dental Surgery in 1895 at Northwestern University. He began practicing dentistry in Chicago in 1895, specializing in Orthodontia since 1909. From 1897 to 1913 Doctor Noyes was Professor of Histology and Orthodontia in the University of Illinois College of Dentistry, serving in that capacity until 1926, when he succeeded to the deanship of the College of Dentistry.

DEAN FREDERICK B. NOYES

The College of Dentistry

THE need for dentists with both professional and technical training has led to a change in the curriculum of the College of Dentistry. The entrance requirements have been increased to sixty hours, and more courses in medicine have been included in the dental curriculum. The graduate in dentistry is now equipped to act as a consultant in problems which involve both medicine and dentistry. These afford an attractive field of investigation to the student who wants to work in a field where the unknown and the unexplored offer endless possibilities for research. The College of Dentistry is making every effort to supply occupants for positions in hospitals and medical schools where the need is for men with a medical background trained in dentistry who can approach intelligently the large problems in these fields.

Plans for the new building have been temporarily delayed by the depression, but it is hoped that the building will be ready for occupancy within the next few years.

DENTISTRY BUILDING

DEAN DAVID J. DAVIS

DAVID JOHN DAVIS, Dean of the College of Medicine, was born in Racine, Wisconsin, on August 10, 1875. He studied first at the Racine Academy, and later at the Universities of Wisconsin, Vienna, Frieberg, and Chicago. He served in the capacity of Pathologist at St. Luke's Hospital in 1911-13, and became Professor of Pathology and Bacteriology at the College of Medicine in 1913. He has written several treatises on Bacteriology, and is the author of other medical papers. He began serving as Acting Dean in April, 1925, and succeeded to the deanship in September, 1925.

The College of Medicine

ONE of the most important events in the career of the College of Medicine occurred in September, 1931, when the new building at 1853 West Polk Street was occupied and the old building at 508 South Honore Street was abandoned. The new building is excellently adapted for the special purposes intended.

All class and lecture rooms and the library rooms face the interior court and are not disturbed by street noises.

This year 175 first year students were admitted. Most of them qualified under the new 3.5 scholarship rule of admission. A few who applied two years ago were admitted under the old requirement. About 140 qualified applicants, all residents of the State of Illinois, still remain on the waiting list.

All the units in the Research and Educational Hospital are now fully occupied. The total number of beds numbers approximately 350. All specialties excepting contagious disease are represented. The Out Patient Department, operated in conjunction with the Hospital, cared for about 25,000 new patients last year.

RESEARCH AND EDUCATIONAL HOSPITAL

WILLIAM BAKER DAY, Dean of the College of Pharmacy was born in Peru, Illinois, on February 15, 1871. He attended the Chicago College of Pharmacy, where he received his Graduate Pharmacist degree in 1892. Since that time he has been on the Faculty of the College of Pharmacy. He served as an instructor until 1900, when he became a Professor of Histological Botany, and in 1913 Professor of Botany and Materia Medica. He served as Acting Dean from 1914 to 1919, when he assumed his present position.

DEAN WILLIAM B. DAY

The College of Pharmacy

THE College of Pharmacy was incorporated as the Chicago College of Pharmacy in 1859, and was the first school of pharmacy in the West. It established the pioneer pharmaceutical library and published the first pharmaceutical journal west of the Alleghenies. Its members took an active part in founding the Illinois Pharmaceutical Association, which was responsible for the first pharmacy law. The college was united with the University of Illinois on May 1, 1896, becoming the School of Pharmacy of the University of Illinois. In 1916, the University purchased for the school the property it now occupies. In 1925, the General Assembly appropriated \$350,000 to erect and equip an additional building. Originally the course comprised two years of study. In 1926 it was lengthened to three years, and in September, 1932 to four years, with the first year administered as a pre-pharmacy year. At the same time the title of the School was changed to College of Pharmacy, and the degree offered to that of Bachelor of Science in Pharmacy. The Alumni of the College, numbering over 3,000, are chiefly engaged in the practice of pharmacy.

DEAN MARIA LEONARD

MISS MARIA LEONARD, Dean of Women, was born in Indianapolis, Indiana. She was graduated from Butler College in 1906, and received her Master of Arts degree at Colorado College in 1910. Since that time she has been constantly engaged in dean's work, having served as Dean of Women at Idaho State Normal College from 1910 to 1912, at Coe College, Iowa, from 1912 to 1923, and at the University of Illinois since the latter date.

The Office of The Dean of Women

COUNSEL and help are always available at the office of the Dean of Women for all the University women, students, parents, chaperons, town house-mothers, and anyone interested in youth. Presidents of organizations, committee chairmen, and individual students may call any hour of the school day at the office to discuss with Dean Leonard and Miss Pierson personal or group needs. Many confidential questions, such as finance, working hours, the home where each student lives, adjustment to new study environments, are considered individually as each student seeks counsel. Building toward better living conditions, fine incentives for scholarship, and intellectual living for individual students, their group and the campus in general, is the aim of the office of the Dean of Women.

PIERSON

DEAN FRED H. TURNER

FRED HAROLD TURNER, Dean of Men, was born at Hume, Illinois, on March 22, 1900. He was graduated from the University of Illinois in 1922, and received his Doctor of Philosophy degree from the same institution in 1931. He became Assistant Dean in 1922, was appointed Acting Dean in 1931, and succeeded to his present position in 1932.

The Office of The Dean of Men

THE office of the Dean of Men is organized to advise and counsel the undergraduate men of the University. The members of the office staff are available at all times, and are interested in every phase of undergraduate life. The problems of individual students, of groups, large and small, and the multiplicity of unexpected situations which arise in connection with a large undergraduate body are the especial interest of the Dean and his assistants.

The office staff includes Dean Fred H. Turner, and Assistant Deans Charles R. Frederick, Dwight F. Bracken, and Harold S. Dawson. These men are willing and anxious to assist undergraduate men to co-ordinate their scholastic and extra-curricular affairs. It is their hope that the office may serve as a clearing house for general information and as an aid to the men of the University. It is their sincere desire to help every man who wishes to avail himself of the services of the office.

GOITER CLINIC, BROWKAW HOSPITAL

The three colleges which compose the Chicago Campus of the University of Illinois, The College of Medicine, The College of Pharmacy, and The College of Dentistry are all located within the limits of the clinical center of Chicago. Within the radius of a few blocks are a majority of the great metropolitan hospitals and professional colleges and schools.

The College of Dentistry occupies a five-story building at the

THE RESEARCH AND EDUCATIONAL HOSPITAL

A MEDICAL LABORATORY

Corner of Harrison and Honore Streets, and a part of the new medical and dental laboratory building at the corner of Lincoln and Polk Streets. Both buildings have ample space for laboratories, operating rooms, clinics, amphitheatres, and classrooms.

As a large part of the third and fourth year courses in the College of Dentistry is devoted to clinical dentistry, an infirmary is provided for this purpose which occupies the entire top floor of the main building.

A PHARMACEUTICAL LABORATORY

THE COLLEGE OF PHARMACY LIBRARY

the Illio of Nineteen 33

VIEW OF MEDICAL BUILDING FROM THE COURT

CHARITY PATIENTS AWAITING AID

The College of Pharmacy was originally known as the Chicago College of Pharmacy, and dates back to September 5, 1859. It was the fourth school of this kind in the country, and ever since the time of its beginning, it has maintained a high standard of instruction. It was taken over by the University of Illinois in 1896 and since then has grown to be the largest of the colleges of the Chicago Campus.

The College of Pharmacy buildings include a new four story building and three older brick buildings, all of which are located at the intersection of Wood and Flournoy Streets.

The College of Medicine started operations on October 14, 1881, as a proprietary Medical School known as "The College of Physicians and Surgeons of Chicago." It became affiliated with the University of Illinois in 1897.

The College has grown to such an extent that now it has available for purposes of teaching and investigation, the facilities of several hospitals, clinics, dispensaries and institutes, all lying within the area bounded by Polk, Wood, Taylor, and Lincoln Streets.

ILLINOIS

PROGRESS

IN our attempt to make the Illio of 1933 different from volumes in the past, we have created a new section, "Illinois Progress." Here the various phases of Illinois' rapid progress are illustrated in pictures collected from many sources.

Our theme is the "History of the Progress of Illinois". Of course, due to the great many phases of the subject, we could only suggest the more important. We are indebted to several people and organizations for their kind and sincere co-operation in working out this theme.

Professor T. C. Pease gave us valuable advice and guidance. Kenneth Eugene Frederick's pictures and assistance were almost indispensable. Other organizations which we wish to thank are: Publicity Department of the 1933 Century of Progress Exposition, Illinois Central Railroad, Northwestern Railroad, State Highway Bureau, University Department of Mining and the College of Agriculture, and the Devoe and Cardinell Studios.

Special thanks are due the Kenneth Eugene Frederick Studios who furnished all of the Campus Leader and pictures on the Minor Division pages.

(Editor's Note)

PROGRESS OF CHICAGO

CHICAGO, the metropolis of the State of Illinois, second largest city in the United States, third largest in the world has a population of 3,500,000. In 1812 Fort Dearborn was built at the junction of the Chicago River and Lake Michigan. The same year the settlers of this small fort were wiped out in the famous Indian Massacre.

However, the geographical location was so advantageous from a stand-point of commerce and industry that the fort was rebuilt, and it became a town in 1833. Chicago's progress since then has been astounding. Although it is one of the youngest large cities in America, it leads the world in many industries and commerce, and holds a commanding position in the field of art and education.

Below—OLD HIGHWAY BRIDGE.

CIVIC PROGRESS

ILLINOIS was founded as a State in 1818 after long being the scene of struggle between French, British, and American explorers and armies. After the American Revolution, Illinois was rapidly settled.

Among the first problems of the new State were those relating to lands and Indians which resulted in the famous Blackhawk War. The slavery question, however, was the problem of lasting importance. Of course, Illinois' policy was one of loyalty to the Union.

Today Illinois has a population of almost seven million, second largest in the country. Its excellent public works, highways, railroad and river systems, convention and hotel facilities are known all over the world.

(Cardinell Photo)

Below—MODERN HIGHWAY BRIDGE.

Above—FIRST RAILROAD STATION CHICAGO.

Above—UNION STATION —ONE OF THE LARGEST IN THE WORLD.

DEVELOPMENT OF TRANSPORTATION

TRANSPORTATION facilities have been an important factor in the economic development of Illinois. Most of the early settlers came by the way of the Ohio River and Lake Michigan, but soon, to facilitate commerce along the Mississippi River and Lake Michigan, the Illinois Michigan Canal was built in 1848. The first railroad in the West was built in Illinois in 1842.

The railroad mileage of Illinois today is 13,215 miles, the second largest in the United States. The highway system of Illinois is unexcelled; its wide concrete highways cover miles aiding travelers and commerce alike. Chicago is considered to be the railroad center of the country.

Above—A TWILIGHT BAND CONCERT IN 1916.

THE UNIVERSITY'S PROGRESS

THE UNIVERSITY OF ILLINOIS was founded in 1867 through the United States land grant of 1862 as the Illinois Industrial University and received its present name in 1885; since 1870, it has been co-educational. The campus rapidly grew until it now includes 131 buildings, some of them the finest of their kind in the world. The Materials Testing Laboratory and the Armory were second to none, when they were built.

In less than one generation the University has grown to have an attendance in 1929, of over 11,000.

Above—TYPICAL PRESENT DAY FARM LANDSCAPE.

COMMERCE AND AGRICULTURE

The fertility of the soil, the mineral wealth, and transportation facilities have given Illinois advanced economic development. In 1930 more than seven-tenths of the inhabitants in gainful occupation were engaged in agriculture, manufactures, and trade and transportation.

Historically and comparatively, agriculture is the most important industry. In 1930 about nine-tenths of the total land area was inclosed in farms. Cereals form the most important agricultural product.

The two most important industries are wholesale slaughtering and packing of meats, and the manufacture of iron and steel products.

WORLD'S COLUMBIAN EXPOSITION, 1893

THE WORLD'S COLUMBIAN EXPOSITION was held in Chicago during the summer and fall of 1893. It was in celebration of the four-hundredth anniversary of the discovery of America.

The great exhibit buildings of the Fair will stand unrivalled in the history of the century as the most complete architectural work produced. While the structures themselves were derived from classical prototypes, the grouping was thoroughly original, and the carrying out of the design was accomplished in a way that cannot fail to influence future architectural efforts to a remarkable degree.

WORLD'S COLUMBIAN EXPOSITION, 1893

The two great points of interest were the Court of Honor and the Art building, located at opposite ends of the grounds. The artistic effect produced by the noble proportions of the Art Palace mirrored in the placid surface of the lagoon made a picture the beauty of which cannot be described in words.

The contributions of American artists, whether displayed in the galleries assigned to the United States section or in the decoration of the buildings, have asserted their right to be considered among the artistic achievements of the time. They are on the same high plane as the best works of our architects, as exemplified in the great exhibit buildings.

ATHLETICS

the Illio of Nineteen 33

GEORGE A. HUFF

Director of Athletics

the Illio of Nineteen 33

ALTHOUGH our athletic teams in the most popular competitive sports have not been winning as much in the last two years as they were accustomed to win previously, the average standing of all our varsity teams is excellent. With one exception, football, the teams were above .500 per cent, which means they won more games than they lost—a good showing in the competition of the Big Ten Conference.

We were all gratified with the spirit and courage of the football team, which never quit; in spite of a disheartening start, they came back splendidly. The support of the University, rallied by the Tribe of Illini, was an admirable feature of the football season.

I have been proud of the deserved reputation for sportsmanship of the Illini students, but I am afraid it suffered somewhat during the basketball season. I believe that college men who believe in intercollegiate sport, can do much as spectators to insure its future by upholding the tradition of good sportsmanship.

Sportsmanship is largely education. Let's see that Illinois does not forget its Code.

HALL OF FAME

These men were picked by a group of Illinois coaches as the athletes who, through the years, had stood out from the common run of players as the best in their particular sports

HAROLD E. GRANGE, '26

Red was in all probability the greatest back of all time. His record on scoring is unequalled. Many players did once what Red Grange did often. He was elected to the All-American team three successive years.

CHARLES E. CARNEY, '21

Chuck was one of Illinois' most famous basketball players. He was captain of the team and led the Conference twice in scoring. He was also Illinois' greatest end, being selected by Walter Camp and Walter Eckersall as an All-American.

JAMES F. COOK, '03

Jimmy was a great outfielder and led the team in batting one year. He was captain of the championship 1903 team and was a major league player after graduation. Cook was also an outstanding football player.

ARTHUR H. MASON, '16

Mike was an exceptional distance runner. He won both the mile and the two mile races in the indoor Conference meet his senior year, setting records in both. He also won the two mile run four other times in Conference meets, winning one of these after losing a shoe at the start of the race.

the Illio of Nineteen 33

HALL OF FAME

These men were picked by a group of Illinois coaches as the athletes who, through the years had stood out from the common run of players as the best in their particular sports

GEORGE E. CLARK, '16

Potsy was a great field general, and one of the greatest open-field runners in football. He was an all-around player, passer, and blocker, and was quarterback on the championship teams of 1914 and 1915.

WILLIAM R. VOSBURGH, '13

Bill held all records in the Big Ten in his time. He swam the 100 yard, the 220 yard, the 440 yard, and the relay in the Conference meet of 1913, and established records in every event.

HARRY H. McCURDY, '22

Mac was a first baseman, catcher, and outstanding hitter on the 1922 Championship team of which he was captain. He is still a major league player.

GARLAND STAHL, '03

The Mighty Stahl was a great hitter both in his average and in the length of his hits. His home run with the bases loaded, rolled under the tree far out in center field on Illinois Field. He was also a great major league player.

ROBERT C. ZUPPKE
Coach

Varsity Football

FIRED with a campus-wide revival of loyalty to the "Fightin' Illini", the 1932 football squad once again made the weight of its tomahawk felt by Big Ten opponents. A "November" eleven, as dubbed by Coach Bob Zuppke himself, became just that when, not daunted by reversals by the strong Northwestern and Michigan aggregations, its victory at Chicago re-established Illini tradition.

Fear of losing the early games did not enter Coach Zuppke's program as he doggedly molded the team out of promising sophomore material, choosing only a few outstanding veterans as a nucleus. Captain Gil Berry carried the attack to his opponents with his superior ball-toting, passing, and unique ability to return punts and kick-offs.

Even in the opening game against the Purple there were flashes of brilliance, but superior strength prevailed as was the case against the Wolverines the following week-end. Against the Maroons, Badgers, Hoosiers, and Buckeyes, however, the potential power of the Illini backfield materialized and a pair of victories coupled with two other gloriously close defeats was the result.

Especially satisfying to future hopes was the fact that the new men on the squad were the stars in the final contests. Defensively the squad improved remarkably due to the development of the sophomore talent, and prospects for next season are brighter than at any time during the two-year slump.

To the football hall of fame must go the memory of Berry, Bodman, and Yanuskus, who established themselves in their final year as valuable men for any football team.

HARRISON, Junior

SPYRA, Junior

The entire responsibility for handling the training equipment, the transportation problems, and the hotel reservations for the Varsity football squad falls upon a senior manager, two junior managers and a staff of sophomores.

Football

The junior managers are elected by the Athletic Council after a year's trial as members of the sophomore staff. During this time he has kept a record of each player, and largely managed the equipment.

STEPHENS, Senior

The senior is chosen from the two juniors, after they have spent a year managing the sophomores, and assuming a large portion of the responsibility for the home games.

Managers

The senior manager travels with the team on all their trips, and manages, at home, the entire managerial staff. This position is one of the most coveted on the campus.

Gullison Duncan Trappe Colins Megan Layman Lewis Gallagher Oncal Haas
Pettigrew

CARSON, *halfback*

PAUL CARSON, junior halfback, was an able reserve and the best drop kicker on the squad. He had little call to bring his educated toe into play but the time should come when it will talk.

Varsity

HOWARD JOHNSON, big sophomore guard, was hampered by injuries which kept him from being a regular. Howie will be at it again next fall with renewed vigor and determination.

JOHNSON, *guard*

O'NIELL, *tackle*

DICK O'NIELL, lanky tackle, was one of the few veteran linemen able to hold down a berth. The big "Irishman" is a hard worker and has another year to work under the "Dutch" master.

Football

The Freshman eleven fell before the upperclassmen in the annual fracas, 32-0. Yanuskus accounted for a pair of touchdowns while Berry, Frink, and Cook each scored one. Returning after a year's lay-off Pete Yanuskus established himself as an important cog in the Varsity machine.

Russell Palmer Abraham Beynon Bennis Seamans Craven Van Dyke Carson Hoefft Van Meter

GRAGG, *tackle*.

ELBERT GRAGG, red-headed sophomore tackle, was transformed from a fullback to a lineman and soon bore out Coach Zuppke's wisdom by plugging the holes in the right side of the wall. "Red" should be among the top-notchers this fall.

Illinois - - 13
Coe - - - 0

THOMAS STRAW, end, after a hard fight proved his worth and nailed the regular left wing post by his work at Chicago. Casey was especially effective on defense, and few plays went around him.

STRAW, *end*

CRAVEN, *halfback*

JACK CRAVEN, sophomore halfback, was one of the most elusive of the first year candidates. Craven should break into the conference lime-light at some time before he is through.

Illinois - - 20
Miami - - 7

A pair of victories was the reward for the twin-bill against Coe and Miami in the first preliminary battles. Both contests were marked with experiments by which Coach Zuppke attempted to get a line on the best combination. A smooth-working aerial attack proved to be the strongest offensive weapon.

PETTY, guard

RUSSELL, End

HAROLD PETTY, big junior guard, came along slowly, but improved until it became established that he was destined to make the team. He started his first game at Chicago and played in every one after that.

Illinois - - 20

ZEKE SEAMANS, red-headed fullback, made a name for himself, as a sophomore, with his line plunging ability. Zeke should develop with more experience and prove a valuable man in the backfield during the next two seasons.

SEAMANS, fullback

HUNTER RUSSELL, junior end, was hampered by scholastic difficulties early in the season, but, after returning to the squad, soon made a place for himself and played well at Wisconsin and again in the Indiana game. Hunter will be available again next fall.

Bradley - - 0

The annual victory over Bradley Tech revealed that the team had potential power but several weaknesses evidenced themselves. The play through the line was encouraging. Yanuskus again led the attack with able assistance from Captain Berry and Forest Craven, a sophomore halfback.

SNOOK, *fullback*

JOHN SNOOK, hard-luck fullback was hampered most of the season with a leg injury, but his chance came in the Indiana game and he turned in some beautiful open field work.

Illinois - - 0

ALFRED BODMAN, veteran guard, finished his career as the most outstanding lineman on the squad. "Ack" was in there on every play despite the fact that he was hampered by a shoulder injury for the greater part of the season.

YANUSKUS, *halfback*

PETE YANUSKUS, returning after a year of ineligibility, proved to be a big factor in the backfield and did most of the punting. "Yak" was probably the best running back on the squad although he was slowed by leg injuries the latter part of the campaign.

Northwestern 26

Playing the Wildcats off their feet in the first half the Illini distinctly showed that they were true fighters even though the score cast the reflection of an ignominious rout. Superior weight and power off-set the admirable spirit and courage of the Illinois squad which forecast better days to follow.

BODMAN, *guard*

SCHUSTEK, *end*

IVAN SCHUSTEK, a lanky blond end, performed creditably all season at the right wing and was usually the first down the field under punts. I've did his share of the pass receiving.

VAN DYKE, *guard*

JOE VAN DYKE, senior guard, played his first and last season with considerable success and was considered one of the most reliable of the linemen. Joe could be counted on to deliver his best, and few plays went through him.

Illinois

0

HERMAN WALSER, captain-elect, was without a doubt the deadliest tackler on the squad, and was one of the outstanding defensive fullbacks in the conference. Herm played until he was out on his feet in every game.

WALSER, *fullback*

Michigan - 32

Again sheer strength of the opponents proved the undoing of the Illini as Michigan's dreadnaught, title-bound, crushed desperate flashes of brilliance on the part of Yanuskus, Berry, and Froschauer. Harry Newman, intrepid Wolverine field general, led the on-slaught.

MAY, *tackle*

BOB MAY, junior lineman, will be remembered for his stellar play in the Chicago game when he relieved Gragg at right tackle. May was one of the hardest working men on the squad, and still has a year in which to prove his real worth.

VAN METER, *end*

VINCENT VAN METER, sophomore wingman, received early recognition as a pass receiver and was particularly successful on offense. Vin's stellar performance came in the Chicago contest when he ran interference for Captain Berry's long run.

Illinois - - 13

JULIE HOEFT, both a tackle and an end, proved to be one of the most valuable sophomores on a squad where sophomores predominated. He was one of the most fiery men in the line and never failed to be a fighter.

HOEFT, *tackle*

Chicago - - 0

Coming from behind with a display of power, satisfying even the most dubious, a true "Fighting Illini" eleven swept to a decisive victory over the Maroons. Captain Berry definitely became one of the Big Ten's outstanding open-field runners by racing 75 yards for the winning touchdown. Froschauer scored the first marker on a pass.

BLOOM, *center*

BOB BLOOM, playing his first season, though a junior, soon became a fixture at the pivot post and was a bulwark on both defense and offense. Bloom became a master at backing up the line and made a specialty of intercepting flat passes.

Illinois - - 12

GEORGE ABRAHAM, sophomore guard, came up from the junior league ranks as a freshman full-back, but when given a chance in the line, was one of Coach Zuppke's most dependable guards. Abe will make good despite the fact that he weighs only 165 pounds.

ABRAHAM, *guard*

FROSCHAUER, *halfback*

FRANK FROSCHAUER, sophomore halfback, after recovering from an early season injury, grabbed the spot-light in the Chicago victory and was a threat thereafter. "Frosch" is a brilliant runner and excellent pass receiver.

Wisconsin - 20

Grabbing an early lead over the Badgers with a brilliant 85 yard dash by Berry, and another Berry to Froschauer pass, the Illini cause seemed decided. The Spears-coached Wisconsin eleven came back strong however, to completely offset the early advantage. Again power proved the winning factor.

KOWALSKI, *guard*

AUGUST KOWALSKI, sophomore guard, has the distinction of being truly an Illini product having never played football before matriculating at Illinois. Augie performed creditably until stopped by a shoulder injury in mid-season.

Illinois - - 18

CHARLES BENNIS, center and end, is a fighter, and though one of the lighter men on the squad, is a capable understudy for Bloom. Chuck is the most determined of the new linemen, and will make a place for himself.

Cummings, *tackle*

BART CUMMINGS, lanky 200 pound tackle, was shifted from his freshman end position at the start of the season, and was at once a regular starter at tackle. Bart was probably the most promising of all the sophomore line candidates.

Indiana - - 6

With Jack Beynon breaking into the spotlight as quarterback, the Illini supplied the home folks with their first taste of victory, as the highly-touted Hoosier eleven fell before the on-rushing Illinois squad. Frochauer, Berry, Snook, and Walser all figured in the new back-field combination.

BENNIS, *center*

COOK, *halfback*

DAVE COOK, 200 pound halfback and end, was hampered by injuries early in the season and spent the remainder of the fall getting accustomed to his new position at end. Dave is an excellent pass receiver and is a swift open field runner despite his size.

Illinois - - 0

JACK BEYNON, sophomore quarterback, was slow to run into form, but was the bright spot in the Indiana victory when his bullet passes and trusty toe handled the aerial assignment.

BEYNON, *quarterback*

FRINK, *end*

FRED FRINK, considered by many the best end in the Conference during his sophomore year, received a leg injury in a preliminary tilt and was out for the season. "Alligator" is not discouraged and will be back next fall with more fight than ever.

Ohio State - 3

The crowning success of the season came with the defeat at the hands of Ohio's powerful eleven, which had but a week before humbled Northwestern 20-6. Only in the closing minutes were the more powerful Buckeyes able to eke out a win with a field goal. The honor of the day goes to the Illini forwards who finally proved themselves.

BASKET BALL

J. CRAIG RUBY
Coach

JOHN P. SABO
Freshman Coach

Varsity Basketball

DISTINCTLY a "home" team the Illinois 1932-33 basketball five ended up the year with a .500 percentage. Only one team, Wisconsin, fell before the Illini twice, but every opponent on the schedule, except Ohio, tasted the sting of defeat from the Illini.

Even the Buckeyes barely escaped with their slate clear in Champaign, and only after an overtime battle were they able to eke out a win. Later in the season the strong Iowa quintet, which had downed Ohio, was swept away before the onslaught of a too-little-victorious Illini five.

The season opened promisingly with a pair of brilliant victories over both Northwestern and Michigan, but a disastrous road trip a week later practically eliminated the Illini from the race when the former teams turned the tables and Ohio added another defeat.

Frenzied cries of the home spectators seemed to fire the team to its greatest heights and the best contests were staged at home. Difficulty was experienced early in the season with obtaining the best combination but later the five of Cas Bennett, Frank Froschauer, Huddie Hellmich, Jack Beynon, and Red Owen established itself as the winner.

FRESHMAN BASKETBALL SQUAD

Duffner Larson Braum Benham Ey Abbey Coyle Cleland Lowry Kellermann Le Marr

KELLERMANN, Junior

Following the custom instituted last year, the basketball managerial staff for the 1932-33 season consisted of one senior manager, and two junior assistants; the senior manager being elected from the two juniors of the previous season.

Basketball

The two junior managers were chosen by the Athletic Association Council in the spring at the same time they elected the senior manager. They were elected from the sophomore managers of baseball, football, track, and intra-mural.

MURRAY, Junior

The managers have control of the equipment for both the varsity and the freshmen squads. They also keep a record of each athlete on both squads to aid the coach in judging the perseverance of the men.

Managers

The senior manager is the only one to go on trips with the team. Upon him falls the responsibility for getting transportation, securing food and hotel accommodations, and the handling of all the accessories and equipment needed by a troupe of athletes.

SAWTELL, Senior

BENNETT, forward

Leaping to stardom as a sophomore, Co-Captain Cas Bennett finished his final year of hardwood competition as one of the Big Ten's most consistent forwards. He received second team mention on several All-Conference teams.

Varsity

After two years of diligent plugging, Bill Theobald realized his ambition to earn a varsity "I". Bill was probably the fastest man on the squad and was noted for his ability to hit the hoop from far out on the floor but his small stature kept him from playing regularly.

THEOBALD, guard

OWEN, guard

After two years as one of the Big Ten's outstanding guards, Co-Captain Boyd "Red" Owen was kept on the side lines most of the season by physical and scholastic difficulties. In the earlier games he was the inspiration of the five, especially in the opening contest against Northwestern in which he looped the first basket from the center of the floor.

Basketball

One of Coach Ruby's most effective scoring plays was executed by Huddie Hellmich, elongated center and pivot man. It was particularly effective against Iowa on the Hawkeye's home court.

HELLMICH, Center

HUDDIE HELLMICH, lanky Illini center, played one of the strongest defensive games in the conference and when called late in the season to contribute to the scoring column leaped into the limelight as an offensive threat. He was chosen to captain next year's squad.

KAMM, guard

CHINN KAMM, giant guard, was an able reserve all season and played regular when ever there was a tall opponent with a scoring reputation. He distinguished himself in the Northwestern game when he tied the score in the last few minutes.

Varsity

COKE MILLS carried on the tradition of his name when he took Froschauer's place at forward late in the season, and was a star against Iowa. He promises to be one of the high-scoring men on the five next season.

MILLS, forward

Basketball

Illinois used a peculiar style of zone defense which early in the season caused it to be one of the most effective defensive fives in the conference. Joe Rieff, high scoring Northwestern forward, was held to a single field goal in the opening contest on the Illini floor.

FROSCHAUER, forward

FRANK FROSCHAUER, sophomore scoring sensation, kept the fans on their feet with his uncanny one handed shots which landed in the hoop so regularly that he led his team mates in scoring, though kept out of the last game with an ankle injury. He reached his zenith in the Wisconsin game when he scored twenty-two points.

Varsity

JACK BENYON, another sophomore, almost equalled Froschauer's offensive ability by his work as guard. He was called upon to start most of the offensive plays and, despite being one of the smaller men on the five, he handled his defensive duties like a veteran.

GIBBS, forward

PAUL GIBBS, the third sophomore to earn his letter, filled in at both guard and forward. He is fast and handles the ball well, and should develop into a more than capable regular.

Basketball

The job of leisurely advancing the ball down the floor on offensive plays, which style was followed despite the new rule regarding the bringing of the ball over the center line, was Jack Beynon's. A fast break with Froschauer and Bennett down the floor was another type of scoring game used.

BEYNON, guard

TRACK

HARRY L. GILL
Coach

Varsity Track

ILLINOIS' Outdoor Track Squad, competing in the fast Olympic qualifying Big Ten meet at Evanston, May 21, 1932, was able to place no higher than fourth in the final standings which Michigan's Wolverine headed. A few of the Illini stood out, however, to maintain the Illini reputation.

Herman Robinson, with the lone Illini first in the conference meet, proved a mainstay of the squad in the javelin. Hellmich, Purma, and Lenington were other outstanding Illini who were consistent point-gainers throughout the outdoor season. The sprint relay squad of Arning, Hill, Carroll, and Hellmich triumphed at both the Drake and Kansas relays.

The 1933 track team came back a little toward the form of former Gill-coached squads and copped a third, with the strong Indiana and Michigan contingents placing first and second, respectively.

Ike Lenington led the indoor team, when he cleared 13 feet, 10 inches, breaking the record in the pole vault set by another Illini, Verne McDermont. Dean Woolsey barely failed to set another new mark in the mile run when he captured the event in the fast time of 4:15.2 minutes. Dave Cook hurled the shot for another Illini win, with a toss of 46 feet, 1 and 1/2 inches.

NELSON, Junior

SIMON, Junior

The Varsity Track Squad, the Freshmen Track Men, and the Cross Country Team are all managed by a staff consisting of one senior, two juniors, and a large group of sophomore managers. As many sophomores work as wish to try out.

Track

In the fall most of their efforts are directed to the Cross Country Team: laying out the course, timing the men, and looking after the equipment. This is followed by a slack season during which the sophomores aid in handling basketball.

TELLEEN, Senior

SOPHOMORE MANAGERS

Active work on Indoor Track is started in the Armory at the beginning of the second semester. As soon as this season is over and the weather becomes suitable, the work is moved outside for the outdoor season, which keeps the managers busy for the remainder of the season.

Managers

The junior managers direct the sophomores, time the tryouts, keep the records, and direct the running of the home meets. The sophomore managers handle all the physical work such as setting up hurdles, raking pits, and taking care of the general track equipment.

Hughes

Stieber

Eger

Kirkpatrick

Meirken

Fisher

BULLOCK, *trainer*

Paced by the supreme efforts of their captain, Dean Woolsey, the Illini cross-country sextet came within an ace of toppling its chief rival, Indiana, from its six-year berth at the top of the Big Ten harrier standings.

Varsity

The "Dean" led his arch enemy, Henry Brocksmith, to the tape in the Conference meet at Purdue, but the best his team mates could do was to gain enough points for a second place, as the well balanced Hoosier squad again captured the coveted honor.

Bill West, Harold Line, and Jack Dufresne, were the other

WOOLSEY, *cross-country*

VARSITY CROSS-COUNTRY TEAM

WERNER, *freshman coach*

Illini to place among the first finishers in the final race. In the only other meet of the season, a three-cornered affair against Michigan and Ohio State, the Wolverines pulled a surprise to capture first place, with the Illini in the runner-up position.

Cross-Country

Woolsey was the most outstanding man on the squad and in the Conference; his loss will be felt next season. A pair of trial meets with the freshmen revealed several promising runners who will be on hand to strengthen the veterans next fall.

Gill Fisher

Demorest Dufresne

Lindsey Woolsey

Melody Line

Capoot

West

Telleen

CARROLL, *sprint*

BOB CARROLL, consistent performer in the 100 and the 220, concentrated on these shorter distances and was a steady running mate for Hellmich. Carroll often has to be content with setting the pace.

SCHLANSKER, *pole vault*

LYNN SCHLANSKER is fast becoming one of the best utility men on the squad, and competes in both the high-jump and the pole vault. He gained points in both events and plans to try his hand in the distance runs.

Outdoor

JACK CHRISTENSEN, quarter-miler, was a member of the mile relay squad which turned in some spectacular times during the early season relays. The quartet placed, with his help at the conference meet.

CHRISTENSEN, *440 dash*

Track

The mile relay quartet composed of Benninger, Hollingsworth, Leck, and Christensen, copped a first against Purdue and Indiana in the triangular meet in the Stadium, and placed third at the Conference. The Gill method of the open pass of the baton in the mile relay may be seen below.

LINE, cross country

HAROLD LINE, veteran miler, was unable to get into his best shape in this his final indoor season. He is a consistent worker and may be expected to show up better in the outdoor races as he is an experienced cross country man.

Outdoor

WALTER LECK, sophomore, was a consistent performer in the 140 yard dash and a dependable member of the mile relay quartet. Wally should be one of the mainstays of the squad with added experience.

ROBINSON, javelin

HERMAN ROBINSON, leader of a strong contingent of javelin throwers, reached his zenith at the conference meet when he copped first place. Herm is a consistent point gainer.

Track

Illinois again proved the supremacy of the spring method of passing the baton for sprint relays when our teams won at Drake and Kansas. This method means the gain of a yard or two on every pass if executed correctly.

LECK, 440 dash

ARNING, *sprint*

LOU ARNING, veteran dashman, was a valuable member of the fast quarter-mile relay squad which showed its heels to all comers during the early spring season. In addition to this, Lou was an able performer in the short dashes.

Outdoor

FRANK PURMA, stellar weightman, was a consistent point gainer in his favorite event, the discus throw, and frequently placed high in the shot-put. Frankie placed second in both events at the Big Ten meet.

PURMA, *shot put*

WEST, *cross country*

BILL WEST, courageous distance runner, elects the solitary job of the two mile run and has performed consistently as a point gatherer.

Track

The Illini squad clicked the day of the triangular meet against Indiana and Purdue, and won the meet easily. Roy Etnyre is seen below clearing the timbers in that meet.

ETNYRE, hurdles

ROY ETNYRE, hurdler, led the Illini in the high and low stick events and was a consistent point getter in dual meets.

HAMPTON, dashes

KEITH HAMPTON, senior dashman, was slow in getting into form for the out-door season but made the trip to the conference fracas at Evanston to help the mile relay squad place in that event.

Outdoor

IKE LENINGTON, 1933 captain, steadily became better in the pole vault. He tied for second in the outdoor meet, and then in his final indoor conference meet he led all his competitors toward the sky while establishing a new indoor record.

LENINGTON, pole vault

Track

Indiana's stellar distance men proved too much for Bill West, but the plucky Illini miler had an early lead when snapped in the picture below. He gave everything he had in the early part of the race.

CARSON, javelin

PAUL CARSON competed in both the javelin and the broad-jump. He is capable of placing among the best in both events and should develop.

HELLMICH, dashes

HUDSON HELLMICH, dashman, early established himself as the mainstay of the Illini sprinters and became a strong contender for conference honors by the close of the season. Hud-die also competed in the Olympic trials at Palo Alto.

Indoor

DAVE COOK, weightman, proved his colors against all comers in the Big Ten meet and tossed the 16 pound shot to the championship. Dave has been steadily improving in this event.

COOK, shotput

Track

Illinois' brace of pole vaulters, Captain Ike Lennington and Irving Seely, proved themselves when they placed first and second at the 1933 indoor meet. The outdoor season should offer new worlds to conquer for this pair.

DUFRESNE, cross-country

JACK DUFRESNE, plucky little two miler, was classed with the best in the Conference but was forced out by illness after qualifying for the finals in his favorite event at the Big Ten meet. He will have a further chance to prove his worth this spring.

Indoor

IRVING SEELY, flashy sophomore pole vaulter, placed second to his team mate and captain most of the season in the high-bar event, and is expected to do even better during the outdoor season. Last year he qualified for final Olympic tryouts after a spectacular season as a freshman.

R. SEELY, hurdles

RALPH SEELY was the outstanding hurdler on this year's squad, although his performances were over-shadowed by such men as Kellar of Ohio and Eggleston of Michigan. His best races were run against Notre Dame and Indiana when he captured first in the high sticks.

Track

Illinois' outstanding man in the broadjump during the 1932 outdoor season was Dick Nelle. Al Adams is the best man in the event this year; he set a new Armory record against Notre Dame during the indoor season.

I. SEELY, polevault

BASE
BALL

CARL L. LUNDGREN
Coach

Varsity Baseball

A thrilling 7-6 victory over Wisconsin in the season's finale clinched a second place in the Big Ten standings for the Illinois baseball squad with a record of seven wins and three defeats. Indiana, who did not meet the Illini, copped its first title since 1925.

Co-Captains Eddie Tryban and George Mills played their last conference season as did Noel Pike, Ed Wahl, Eddie Gbur, Tubby Steuernagel, and Ray Nusspickel and will leave a big hole for Coach Lundgren to fill for the 1933 campaign.

Michigan, Northwestern, and Purdue handed the Illini their three losses, which were all administered away from the home stamping ground. Each loss was revenged with victory when the respective rivals visited the home port. Chubby Chervinko, veteran catcher, was awarded the captaincy for the 1933 season.

RETURNING VETERANS

Schustek

Yule

Chervinko

Wrobke

Frink

FOLGER, Junior

The baseball managers find work to do throughout the entire school year. They spend their time handling equipment and chasing balls. Since the success of a team depends quite heavily on its having the proper equipment at all times, there is a great deal of responsibility on the managers.

Baseball

During the fall the managers are kept busy handling the fall practice, which is not lengthy, and ushering in the Memorial Stadium.

MARSHALL, Junior

There is then a short layoff until after Christmas, when the team starts practising in the Armory. The immense net, which will hold a full-sized infield, as well as two pitching lanes, must be lowered and raised every day, in addition to the other equipment.

Managers

When spring arrives, the baseball managers come into their power, for then their sport is the big drawing card. The team starts outdoor practise in early March, and after this exodus from the Armory, continues to play until the end of the school year.

BUSKER, Senior

SOPHOMORE MANAGERS

Mills

Borchers

Baker

Kieding

Mason

Hackler

Ushorne

SABO, ass't coach

The name of Lundgren exemplifies the Illinois baseball coaching staff to the uninformed, but those on the inside know that a group of most able assistants aid the veteran mentor in his yearly task of turning out victorious Illini diamond squads. Jerry Jordan, Win Brown, and Johnny Sabo now handle the reins behind the scenes.

Baseball

Jerry Jordan is himself a veteran and is Lundy's right hand man. He has direct charge of the infielders and has helped develop many of Illinois' best basemen. Jordan is also in charge of the freshmen squad and takes over the head coaching duties when called upon.

JORDAN, freshman coach

BROWN, trainer

Brownie, as the athletes around the Old Gym know him, is the man who keeps the athletes, in the numerous sports which hold sway there, in trim. He is head baseball trainer during the spring season and aids with the gridmen in the fall. The athletes all swear by his adept method of bandaging and treating their ills.

Assistants

Johnny Sabo assists in the task of picking out the future stars from the wealth of green freshman material that turns out every spring. He aids in whipping these inexperienced men into a machine which can offer resistance to the upperclassmen in practise tilts.

SCHUSTEK, Outfield

IVAN SCHUSTEK, sophomore first baseman and outfielder, grabbed the spotlight early in the season as a hitter, and continued to pound the apple all season. "Ive" was groomed for the first sack, but was at the same time a dependable fielder.

Varsity

PAUL CHERVINKO, veteran catcher, again placed himself among the leading Big Ten backstops with his impregnable work behind the plate. "Chinko" also led his team at bat with a .355 average and received the unanimous acclaim of his mates when elected captain for the 1933 season.

CHERVINKO, Catcher

WROBKE, Pitcher

JOE WROBKE, who shared the hurling job with Mills, and relieved Wahl at the third sack, early became a mainstay on the squad. "Smoky" Joe is a dangerous hitter, and among the best right-handers in the Conference.

Baseball

Probably the greatest exhibition of out-fielding was witnessed at Purdue when the Boilermakers seemingly ran miles to snare drives which ordinarily would have been chalked up as two or three baggers. The Illini turned the tables, however, when Purdue visited their camp later in the season.

FRINK, Outfield

FRED FRINK, sophomore first baseman and outfielder, was slated for the regular first sacker's job until he broke his right thumb in practice. "Alligator" returned to the lineup for the opening game, held down a regular post in the garden, and was one of the squad's most dangerous hitters.

Varsity

NOEL PIKE, swift center fielder, proved one of the trickiest hitters on the squad and finished his last season second in the individual standings with a .348 percentage and with a perfect fielding record. Noel was also a bit unscrupulous while on the bases.

YULE, first base

JACK YULE, who returned to school after an absence of two years, at once served notice that he was after a regular berth in the infield. He possesses the quickest throwing arm on the squad, and served at short, second, and first during the course of the season.

Baseball

Decatur's Three I league nine fell before the Illini diamond squad twice during the preliminary season. Practice tilts with this professional team harkened back to the days when big league teams included games with "G" Huff's Illinois nines on their regular spring training schedule.

PIKE, Outfield

GBUR, Second Base

EDDIE GBUR, peppy second sacker, may best be recalled by his continual stream of chatter, which was at once the despair of opposing players and the delight of Illini fans. Little Eddie was lead-off man in the batting list.

TRYBAN, Shortstop

EDDIE TRYBAN, while failing to equal his record of the season before, finished his third year as regular shortstop in fine style. Eddie was ever a dangerous hitter, a fast man on the bases, and delighted in beating out bunts.

Varsity

FRED STEUERNAGEL, veteran left-fielder, was the most sure-fire player on the squad, and fielded 1,000 while playing in every game. "Tubby" was among the leading hitters and finished up a three year career as the squad's most dependable fly-chaser.

STEUERNAGEL, Outfield

Baseball

Sweet revenge came to the Illinois team when Northwestern came to the campus. The Wildcats had handed the Illini a defeat at Evanston, but they were unable to repeat, as the Indians, led by Eddie Tryban's perfect batting, beat them out. 6-4.

MILLS, Pitcher

WAHL, third base

GEORGE MILLS, right-handed pitching ace, again proved the nemesis of the majority of his Big Ten opponents, and ranked among the best conference hurlers. George took up the first sacker's duties when not on the mound, and continued to be one of the squad's surest hitters.

Varsity

GEORGE FENCL, speedy little outfielder, garnered his third letter in a row on the diamond to make it nine varsity I's for his time as an Illini. "Shorty" made up for short hits by his thieving habits while on the bases.

FENCL, Outfielder

ED. WAHL, senior and regular third sacker, was one of the most dependable men in the infield, although he had rather a slow start at the plate. Eddie was noted for his accurate pegs to the first sack.

Baseball

The Badgers received a double whipping at the hands of Lundgren's crew. At Madison, Paul Chervinko and Tubby Steuernagel took turns at bombarding the walls of Randall Field with long hits.

JOSEPH L. PUERTA
Captain

Varsity Wrestling

HEK Kenney's wrestlers, faced with the toughest schedule in many years, completed a highly satisfactory season with champions in two divisions and a second place in the Conference team standings. Indiana's powerful squad was the victor.

The disappointment of the year came when Joe Puerta, co-captain, last year's national champion in the lightweight division, suffered an arm injury in the dual meet against the Hoosiers, which kept him out of the ring for the remainder of the year.

In an invasion of the southwest, the Illini fell before the strong Oklahoma A. & M. squad. The Illinois men were handicapped by a long automobile trip in sub-zero weather which preceded their matches.

Co-Captain Bob Emmons captured his third consecutive Conference crown in the 126 pound class, while Glen Orth, substituting for Puerta, took first place at 118 pounds. Ed Crum, heavyweight, was the surprise of the Illini squad and turned in fine work all year, though unable to wrest the title from Bob Jones, Indiana's stellar heavy.

Slifka Andrews Orth Ledbetter Cosneck Law Crum Brown Edison Emmons Kenney McDermith Minsker Brenner Fredericks Houghton

the Illio of Nineteen 33

JOSEPH BROCK
Captain

EDWIN J. MANLEY
Coach

Varsity Swimming

CLIMAXING their most successful season in several years with a third in the Big Ten Meet at Chicago, the Illinois swimmers established themselves as potential threats for the various individual titles next season. Captain Joe Brock, star 440 and 200 yard dash man will be the greatest loss to the squad.

The tankmen were particularly successful in dual meets, dropping only a close decision to Northwestern in the Purple tank. Chuck Flachmann, sophomore free-style 100 yard dash star, was second only to Art Highland of Northwestern in his favorite event.

Ohio State, Chicago, and Iowa all felt the sting of defeat at the hands of the Illini. Frank Hewitt, Norm Hines, and John Van Tuin were outstanding in their events, and coupled with Brock and Flachmann as the nucleus of the Illinois squad.

The relay squad of Hines, Van Tuin, and Flachmann was particularly successful. Espey Williamson contributed consistently good work in the breast stroke.

Varsity Fencing

SWEEPING to its fifth consecutive Big Ten Title, the Illinois fencing squad, coached by Herb Craig, proved itself the class of the Middle West sword teams. Ed "Butch" Perella and Ralph Epstein successfully defended their individual titles.

In the dual meets, Chicago garnered a tie with the Craigmens to place the only stain on the Illini record. St. Louis University, the St. Louis Fencers Club, and Purdue, all fell before the slashing Illinois foilsmen, the latter taking a double beating.

Perella was unable to compete with the squad in its dual contests since he was located at Chicago in the medical school, but he was in fine fettle to defend his sabres title at the Conference meet. Epstein was easily the class of the conference with the foil.

The epee was the only weapon in which the Illinois men were unable to gain supremacy but it is expected that new men will be developed by next season. Perella will be the only major loss to the squad due to graduation.

HARTLEY D. PRICE
Coach

Varsity Soccer

BACKED by the first self-supporting team in Illinois history, Captain Dick Ader and Coach Hartley Price led the 1932 soccer team through an impressive season. Playing expert teams, several of which were semi-professional, the Pricemen won four, tied three, and lost two games.

The team opened the season auspiciously by defeating Northern Baptist Seminary 2 to 1. The Illini then came up against the seasoned Decatur Soccer Club, but after two overtime periods they had to call the game with a no-score tie. Next they faced and defeated the Coal City Soccer Club, 3 to 2. Another overtime game, this time with the Mark Soccer Club ended in a 1 to 1 tie, and next Captain Dick Ader finished his Varsity career on the home field in a hard fought game with Morton College. This game, played in a foot of snow, ended in the only Illini defeat at home, 2 to 1.

Traveling away from home to close the season, the Illinois players sacrificed their Thanksgiving vacation to successfully climax the year. On three successive days, they tied Maccabee Athletic Club, 3 to 3, defeated Northern Baptist, 5 to 0, and gained revenge while ending the season with a 6 to 0 white-washing of Morton College.

This team will be difficult for future soccer-men to equal since its roster included such stellar players as Bo Mink, Johnny Kott, and Lou Piano, all of whom had had three years of Varsity competition. In addition, the presence on the team of Freddie Lindall, former track letter-man, Captain-elect Anderson, and Captain Ader helped to make the record of 22 Illini goals to 11 opponents scores a difficult mark at which to aim.

JULIAN GLASSER
Captain

Varsity Gymnastics

HANDICAPPED by the depression, the gymnastics squad was unable to maintain its high standing in apparatus circles, although the Pricemen were able to crash through with a third in the conference meet at Chicago. Captain Julian Glasser was the most outstanding man on the squad, and garnered a second place in the all-around competition.

Bob Cadle was easily the class of the Big Ten in the tumbling events, while Norm Gray was a consistent point winner on the horizontal bars. Near the close of the season Len Wayman, a sophomore, showed promise on the parallel bars and the side horse. He should be a consistent point winner next fall.

Gray, Glasser, and Cadle will graduate, leaving a big hole for Coach Hartley Price to fill next fall.

ESPEY C. WILLIAMSON
Captain

EDWIN J. MANLEY
Coach

Varsity Water Polo

CAPTURING its fourth consecutive crown in the strenuous water basketball sport, the water polo squad finished its 1933 season with an entirely clear slate. Bill Feinberg was at once the inspiration and the high scorer of the squad.

A string of victories over Ohio State, Northwestern, Chicago, and Iowa gave the water poloists the crown. Captain Espey Williamson, Larry Fries, John Van Tuin, Joe Brock, Art Malkin, Frank Hewitt, Norm Hines, and Monroe Van Gunten were able aids to Feinberg.

The final game against the Hawkeyes went to the Illini by the score of 6—2, but the margin of victory does not suggest the fierceness of the contest, as the Hawks were undefeated up to that game and the title was to be the reward for victory. Feinberg netted four of the Illini goals.

JOHN H. UTLEY
Coach

Varsity Golf

COACH John H. Utley's 1932 Varsity golfers relaxed the hold on the Western Conference championship which the 1931 edition held, but they fought their way to a fourth place berth in the Conference. Captain Scotty Reston took third place in individual standing in the Big Ten meet.

The Illini opened the dual meet season on April 23 when they traveled to Columbus to drop their first dual meet in three years, $13\frac{1}{2}$ to $4\frac{1}{2}$. Bob Crowe scored the only Orange and Blue victory when he downed Johnny Florio 2 to 1. Frank Renwick gained a tie with Garvo of Ohio to garner $1\frac{1}{2}$ of the remaining points. Reston and Alpert each picked up $\frac{1}{2}$ point apiece to complete the scoring for Illinois.

On May 9 the team traveled to Chicago to gain their first conference victory $11\frac{1}{2}$ to $6\frac{1}{2}$. Sam Alpert, Illini, and former Western Junior champion, beat Smucker 3 and 2, and Frank Renwick defeated Harry Baker 9 and 7. Capt. Reston dropped a hard match to Bohnen on the eighteenth green, and Bob Crowe lost to Ed Maurmann 3 and 2.

The Orange and Blue players again came through to win in their final dual meet by the decisive score of 16 to 2. Purdue, the victim, did not win a match. Capt. Reston, Bob Crowe, and Frank Renwick shut out their opponents to do a material part of the damage to the Boilermakers.

The four first-string golfers finished their varsity careers at the conference meet on May 19 and 20, with Scotty Reston placing third and Crowe taking ninth, while Sammy Alpert and Frank Renwick trailed. The combined scores placed the Illini behind Michigan, Minnesota, and Northwestern, in fourth place.

EDWARD LEJECK
Captain

Varsity Tennis

THE 1932 tennis season was successfully culminated in a tie with Ohio State for the Conference championship with four victories and no defeats. Captain Lejeck also won the individual championship at the Conference meet.

Before the conference season started, the Varsity played six preparatory matches. In a trip through the South during the Easter vacation they were victorious over Louisiana by a 5 to 1 score; they then lost to Tulane, 6 to 0, to Texas, 5 to 1, and to Rice, 6 to 0. Due to inclement weather the Illini had been unable to get any outdoor practice previous to this trip. The other two practice matches were won from Washburn, 4 to 2, and from the freshmen 9 to 0.

Iowa opened the Conference season here on April 28, when the Indians defeated them, 5 to 1. The team then gained victories from Crane and Indiana State Normal without the loss of a set, before they met again foes worthy of their mettle.

The next Conference match was with Chicago, and as usual the rampant Illini were victorious, 5 to 1. In quick succession the Indians then subdued Purdue and Indiana, both, 5 to 1. The Bradley team was the last dual-match victim of the Varsity, when it was defeated, 4 to 0.

This string of nine consecutive victories had only whetted the appetite of the Varsity as it proved by its victory at Northwestern in the Conference match, where Lejeck won the singles championship from Carl Dennison of Ohio State, 6-0, 6-3, 7-5. The doubles team of Hands and Lejeck lost in the finals to Britzion and Schener of Minnesota, 6-4, 6-4, 7-5.

EDWIN J. MANLEY
Director

Intramural

DIRECTOR Edwin J. Manley and Senior Manager H. Ashley Barber directed the intramural activities for the past year. They were assisted by two junior assistants, and a staff of sophomores.

To insure the idea of participation in athletics for every man in the University, individual cups were given to winners in the independent divisions, and team cups and the immense Participation Trophy were offered to the fraternities as an incentive for entering into the activities.

The Trophy is won by the fraternity having most successfully competed in the greatest number of events on the program. This fraternity is given the cup to keep for a period of one year, after which it is presented to the next winner. The cup was in the possession of Delta Chi for the year 1932-1933.

The task of compiling the points and of managing all the events falls upon the junior and sophomore managers. It is their duty to get fraternities to compete and to see that fair play prevails in the events at all times.

Interscholastic Track

EIGHT state records and one national record fell before the flying feet of the high school athletes in the State Interscholastics on May 20-21, 1932. For the eleventh time a team coached by Bob Woodruff won the state title, as Oak Park led the pack in the final standing with 32 points to a second place Joliet's 13.

The honor of establishing a national record went to Herman of Oak Park, who raced 100 yards in 9.7 seconds. Marsh Miller of Maine took the most off the old marks when he ran 440 yards in 48.8 seconds; the previous record had been 50.4 seconds, almost two seconds slower. Not even the old, well established records were safe in this fast meet, as Adam Pierce showed when he broke the oldest record on the Interscholastic books by doing a half-mile in 1:59.6, to better the former record which had stood since 1914.

Interscholastic Circus

AMIDST the fanfare of trumpets and the roar of the synthetic animals, the Silver Jubilee 1932 Interscholastic Circus started at 7:15, May 21. From the time of the grand entry march until the trophy awards at the end, the circus, held for the first time in the armory, showed itself to be a varied and skillful production.

Four thousand five hundred people packed the stands as the rope-spinners, wire-walkers, ladder-walkers, rolling-globe-walkers, trampoline-tumblers, and Australian bull-whippers performed. A P. E. class gave a ten minute tap dance to the plaudits of the crowd; and the new rhon-rod or hoop-la wheel gained noteworthy applause.

The fraternity acts were the usual clever though crude productions, and Alpha Kappa Lambda house ran off with first place honors to close a very successful circus.

Woman's League

WOMAN'S League is an organization of which all women of the University are members by virtue of their registration as students. The aim of the League is to represent each member in an organization of real self-government, to promote democracy among its members, and to maintain among the women the finest kind of Illinois spirit. The Woman's Group System, an integral part of Woman's League, is devoted entirely to independent women, and organizes them into social units. Socially, the Wednesday teas are the finest things that the League gives its members. Through these teas, Group Mixers, and all-University parties, old friendships are renewed, and new ones made. Orange and Blue, and Gold Feathers promote scholarship, friendship and loyalty among the underclassmen, in addition to affording them an excellent opportunity for developing their executive ability and outstanding qualities. Homecoming, Dad's Day, and Mother's Day are sponsored by the League in co-operation with the Illinois Union. In furtherance of the ideal of responsibility toward one another, a Big Sister committee is appointed by the Y.W.C.A. and Woman's League, which endeavors to see that each incoming woman student has an upper-class woman who will help her throughout the year. The proceeds from the annual production given under the auspices of the League go to maintain Woman's League houses which operate on the co-operative plan.

ORANGE and Blue Feathers, for Freshmen Women, has a three fold purpose: to attain scholarship, to encourage activities, and to promote new friendships. Organized to further these three ideals throughout college days, Orange and Blue Feathers requires a "C" average, attendance at meetings, and a knowledge of Illini traditions for initiation. By means of a loan fund, this group helps to carry its share of the welfare work of Woman's League.

"GOOD

On February 25, 26, 1933 the Woman's League presented the best show of the year, under the capable direction of Miss Severina Nelson. The captivating ease and speed of the play quite took the breath away from the enthusiastic audiences that jammed the Lincoln Hall Theatre. Such popular songs as "The Best

NEWS"

Things in Life Are Free", "Happy Days", and "Varsity Drag", will make the show a highlight in the memory of those who saw it. The most outstanding members of the cast were Nat Cohen as *Bobby*, Sally Fulton as *Connie Lane*, Robert Brothersen as *Tom Marlowe*, Melle Russell as *Babe O'Day*, and Jack Foley as *Sylvester*.

WITH the completion of the new Woman's Gymnasium and the consequent increased recreational facilities, the Woman's Athletic Association extended its membership to include a greater number of girls by changing admission requirements. Now, participation in one sport season is the only prerequisite for membership in the organization.

The field west of the gym is to be transformed into additional hockey and soccer fields and a tennis unit. These, plus the new games room, will supply ample equipment for the present more inclusive organization. This year several new sports have also been introduced, among them, golf and fencing.

The main project of W.A.A. in former years has been the establishment of a Loan Fund to aid girls who are majoring in Physical Education and find themselves financially unable to continue their work. While this is still an important work of W.A.A., of much interest this year has been the introduction of Intramural sports for women. Trophies are awarded to the winning group or individual.

In addition to the sports sponsored by the Advisory Board, W.A.A. sponsors a Play Day in the spring, San Souci in the fall, and sports banquets at the close of each sport season.

Terrapin

TERRAPIN is the honorary swimming organization for women. Its purpose is to promote interest in swimming among university women, and to encourage their participation in this sport.

Terrapin has two divisions—Major and Minor. The same test is given to each girl, but a greater degree of proficiency in swimming and diving is required for those wishing to become Major members.

Terrapin presents a pageant or exhibition each year during the week-end of Mothers' Day. It is usually presented before a capacity crowd in the swimming pool in the Men's Gymnasium.

Major "IA"

W.A.A. awards the Major "I" to any girl who has earned 1200 points by participating in different sports during the sport seasons. The association sponsors hockey and soccer during the season that terminates with Thanksgiving vacation, and basketball, volleyball, and apparatus during the season which occupies the rest of the first semester.

The second semester opens with a sport season which includes swimming, bowling, ping-pong, and deck tennis, closing with Easter vacation. Baseball, track, tennis, and archery engage the center of activity during the last semester.

Girls making a first team in a major sport earn 100 points, those making a second team, 40 points. Minor sport positions garner 60 and 25 points for first and second teams, respectively. Points may also be earned by heads of the committees in charge of Sans Souci, Health Week, Play Day, and May Fete. Also each sport manager is awarded 100 points.

When a girl has won a total of 600 points, she receives the first award, a minor "IA."

THE ILLIO, and all other student publications at the University of Illinois, are subsidiaries of the Illini Publishing Company. The latter, chartered by the State of Illinois as a corporation not for profit, has been in existence since May 11, 1911. It is controlled by a Board of Directors consisting of four faculty members selected by the Senate Committee on Student Affairs, and four students elected by the student body.

Like many other administrative and legislative enactments, the creation of a supervisory agency for publication on the University of Illinois campus was partially the result of unwise practices by those who had been entrusted with the responsibilities of editing and managing them in former years.

The condition existing since 1911, with editors and managers and their chief assistants appointed by the Board on the merit system, have resulted in obtaining a much higher level of professional competency on both the editorial and business staffs of campus publications. There has been also a continuity of policy and purpose and a safeguarding of property, as well as a full settlement of obligations each year with local creditors. Through the employment of a full-time manager, the publishing company has been able during the last twelve years to afford a means of advising the newer members of the staff each year.

VICTOR L. KRANNERT
Manager

The Illini Publishing Company

VICTOR L. KRANNERT, *Company Manager*

THE Illini Publishing Company, which issues all student publications at the University of Illinois, was organized in 1911. Its growth has been rapid; its financial success marked; its influence wide-spread.

Its rapid growth we see in a plant which not only turns out a twelve-page, eight-column metropolitan newspaper carrying full Associated Press leased wire service, but which prints all student publications except THE ILLIO. From a print shop tucked away in the basement of one of the University buildings, it has become today one of the best equipped college publishing companies in the United States. Its presses are located in the Illinois Union Building.

Its success in business, made possible by a firm foundation and well-directed policies, is clearly indicated by its physical expansion.

Its influence is felt wherever an alumnus is found who has served The Illini Publishing Company on one of its student publications.

Military Council

THE Military Council is the governing body of the student affairs of the R.O.T.C. It is composed of members representing each unit of the University Brigade through its organization, in the person of the Lieutenant Colonel of the Unit, through the President of its social fraternity, and through its executive head who is a member of the Student Colonel's Staff. In this manner each Unit and the individuals composing it are represented in every phase of the Brigade activity.

The Council is charged with the duty of insuring the coordination of the interests and activities of the Brigade. It supervises all student functions in which the Military department has an interest including all such affairs as the Military Ball, the Officer's Ball, the Annual Military Show, all Military Dances and the University Horse Shows.

The commandant of the University keeps in intimate touch with the personnel of the Brigade through the Military Council, learning the viewpoint of the student which is a factor in his determination of policies for the R.O.T.C.

COMPOSED of members of the student body selected automatically by virtue of their positions in campus activities, the Student Council is empowered to rule on all student affairs throughout the year. It is directly responsible for the Selection of the Dance Supervision Committee, the Freshman Frolic Committee, and the first semester president of the Freshman Class. In addition to legislating upon all affairs brought before it by direct petition or by observation of the respective members.

The University of Illinois Alumni Association, founded June 15, 1873, is the connecting link between the graduates and former students and their Alma Mater. The headquarters of the organization in the Illinois Union building are the center for the many activities of this association which:

Publishes the Illinois Alumni News monthly:

Compiles and edits, in cooperation with the University, alumni directories about every five years;

Works with the secretaries of sixty-one classes and of the Illini clubs all over the world in the effort to keep up old acquaintances, promote new ones, encourage reunions, and to engender loyalty to the University through lifelong contact with it;

Keeps detailed records of the doings of all the graduates, so far as possible, and of many non-graduates; keeps on file their letters, photographs, clippings, and other biographical data; tries to obtain an up-to-date address for every one of more than one hundred thousand alums;

Maintains and presents before high schools, Illini clubs and other meetings, "The Illini Trail," a four reel sound moving picture of the University.

Has established and maintained several loan funds for students.

The Alumni Association office is an information bureau concerning not only the alumni world but many other things connected with the University. All students are urged to come in and use its information at any time, and upon graduating are cordially invited to join, in order to keep in close contact with their University.

ORIGINALLY designed to serve in an advisory capacity, the Dance Supervision Committee has enlarged its functions so that it now manages ticket sales, helps in the preparation of budgets, and endeavors to insure the success of all the class dances.

Selected by the Student Council in the Fall, the eleven seniors on this year's committee have materially aided in the achievements of the class committees working to provide inexpensive yet excellent entertainment for their classmates. The committee is responsible to the University officials in all its work, and it is to be congratulated for the excellent work it has performed this year.

THE Y.M.C.A. is a fellowship of students and faculty who seek to make the principles of Christian living vital in all phases of campus life. The organization conducts activities which supply needs and desires of the students which are not served by other agencies. Among its many activities in campus life are the maintenance of an employment bureau, the Freshman camp, international and inter-racial friendship groups, and all-university religious services.

HOMEcoming was begun twenty-three years ago as a means of more closely uniting the University student body with the Illinois alumni. It is usually held over the week-end of the football game which is expected to be the seasons best in order to attract the Alumni on their return to the campus. The Homecoming Committees arrange for Alumni meetings and good entertainment, as well as provide the best service possible for the visitors. Fraternity and Sorority house decoration awards, the Stunt Show, badge and stamp sales, and Alumni registration are some of the activities sponsored by the Homecoming Committees.

DADS' DAY was conceived and made a reality by the late Dean Thomas A. Clark in 1919 for the purpose of setting aside one day in each year on which the fathers of students might visit the University in a body and see the University in action. The day is combined with a home football game, a concert by the Men's Glee Club, and other forms of entertainment. Letters are sent out advising them of the event by both the University and the Illinois Union. As a result of the founding of Dads' Day, the Dads' Association was formed, an organization which co-operates with the University and the Union in every enterprise.

THE Agriculture Council is under the direction of the president of the Agricultural Club, and is composed of the semester presidents of the specialized agriculture clubs: Hoof and Horn, Dairy, Field and Furrow, Farm Mechanics, Horticulture, and Agricultural Education. The Council has as its purpose the promotion of better agriculture and agricultural methods, and accomplishes this end through meetings, conferences and lectures, judging contests, and other means to arouse the interest of the students of the College of Agriculture. It annually sponsors the Peanut Banquet, the Student Farmer Fair, the All-Agricultural Banquet, and other more minor activities. Through its work, it brings the agricultural students into closer contact with each other and with the field of agriculture.

ORGANIZED originally in 1902 as a lecture course, the Star Course grew, in response to student demand, to include the supervision and management of all concerts and entertainments given at the University by professional artists, lecturers, orchestras, and other professional organizations. It is a non-profit organization, and now, under its new name, conducts the Star Course as a series of concerts by finest obtainable talent. The University Concert and Entertainment Board consists of representative members from faculty and students, and selects the talent to appear for the year. The business staff is composed entirely of students with a Senior Manager selected by the Board, and takes care of all negotiations and production work for the presentation of concerts.

THE Illini Theatre Guild is an organization made up of the various undergraduate dramatic societies which have for their main function, the presentation of dramatic plays. The executive authority of the Guild is vested in its Board of Directors, made up of a representative from each of the member organizations and two faculty members chosen by the Committee on Student Affairs.

The members of the Guild are Mask and Bauble, Pierrots, and Arepo. The Faculty Players Club is a patron member, and the Woman's League and Y.W.C.A. are associate members.

The Guild repertoire this year was made up of two operettas presented by Arepo and six legitimate plays, four of which have been Mask and Bauble presentations, and two have been all-University productions presented by the Guild. A musical revue presented by Pierrots completed the season's schedule. In addition, the patron member, The Players Club, presented two legitimate plays, and the associate members presented one production each.

Last semester the Guild instituted a season subscription, which was very well received by the theatre-going public and which promises to be a popular means for insuring a season's entertainment of varied dramatic productions.

THE zenith in debating is reached in the contests of the Western Conference Debating League, of which the University of Illinois is a member. The universities belonging to this forensic league are the same as those in the athletic "Big Ten," with the exception of the University of Chicago.

Two divisions of the league—one for men and one for women—promote at least six conference debates each year. Different questions are debated by the men and women teams; and, in the case of the men's teams, a new question is developed each semester. Ordinarily Illinois teams meet at least five or six other conference schools in contests, decided by the single critic judge.

Bennett Berryman Ekstrom McCreery Murphy Southwick Huston

"R. U. R."

ROSSUM'S UNIVERSAL ROBOTS

This highly dramatic play was staged on May 6, 7, 13, and 14, 1932. The play represented the height of technocracy, and was staged very effectively under the direction of Robert Henderson. A race of robots, invented by Rossum and manufactured by *Domin*, played by Elliot Durand, overthrows the human race. *Helena*, Margaret Jacobson, has burned the papers that contain the secret of the manufacture of the robots in hopes of stopping their increase. In the end, there is left only one human—*Alquist*—played by George Churchill. Just as all hope for humanity had dwindled out, two robots, a male and female, appear and are found to possess every human quality.

"HANSEL AND GRETEL"

The gracious, fairy-like music of Englebert Humperdink shimmered through the Little Theatre on Dec. 17, as the school of Music presented the whimsical folk opera, "Hansel and Gretel." Under the direction of Miss Kathryn Sutherlin, the whole childish fantasy of the old German fairy story came alive. *Peter*, the father, played by Ray Shultis, caroled lustily as he came home through the woods, and the mother, sung by Inez Miller, scolded and frowned as she sent Hansel and Gretel out to gather berries. Of course everything ended happily with Hansel, sung by Helen Morgan, and Gretel, played by Virginia Merrill, shoving the mean old Witch, played by Mildred Cook, into her own roasting hot oven.

"THE BUTTER AND EGG MAN"

The inside workings of Lehmac Productions, Inc. amused the audience of Lincoln Hall Theatre on November 10, 11, 12, 18, and 19, 1932. Lowell Blanchard as *Joe Lehman*, Margaret Jacobsen as *Fanny Lehman*, and Dorsey Connors as the sweet, young, beautiful secretary drew many hearty laughs from the audience. *Peter Jones*, played by William Coppel is the Butter and Egg Man who comes to the financial rescue of Lehmac Productions, Inc. just as it is about to produce its best play. The play is a flop, Lehman and McClure, Frank Swan, sell a clear title to Lehmac Inc. to Jones, and Jones doctors up the play and makes it a success. In the end the sweet young secretary and Jones fall in love just as Lehman and McClure come to buy back an interest in Lehmac Productions, Inc.

"THE CHURCH MOUSE"

Mask and Bauble offered this fast moving comedy on October 13, 14, 15, 1932. The play deals with a stenographer, *Susie*, secretary to *Baron von Ullrich*, a banker whose head is full of efficiency. *Susie* makes an ideal secretary for the Baron for she is "just a machine." The Baron has a habit of discharging his secretaries and then falling in love with them.

One night *Susie*, to the surprise of all, including the Baron, is stunning in her new clothes. It is now *Susie's* turn to be fired and fallen in love with. *The Baron* was played by Walter Boyd, and Helen Bennett entranced the audience as *Susie Sachs*.

"A CHRISTMAS CAROL"

Appropriate to the Christmas season, the Illini Theatre Guild presented this fantasy on December 16-17, 1932, under the direction of Wesley Swanson. *Scrooge* was perfectly portrayed by Robert Henderson, and the supporting cast was equally good. The play represents a revelation that came to Scrooge on Christmas Eve. Marley's Ghost appears, and warns Scrooge to change his attitude toward his fellows. Scrooge is shown the Christmas's past, present and future by each of three spirits. When he awakens on Christmas morning, he is a new man rejoicing in the true spirit of Christmas.

"YEOMEN OF THE GUARD"

This Gilbert and Sullivan operetta was given January 11-12, 1933 by Arepo. It was under the capable direction of Miss Kathryn Sutherlin, and deals with the intrigues of the tower of London. *Colonel Fairfax*, played by Wayne S. Hertz, is imprisoned in the tower. He has been the victim of a plot conceived by a cousin, who is to inherit the estate, provided the colonel dies unmarried. Fairfax marries *Elsie Maynard*, a strolling singer, played by Jeanette Keiser, to thwart the cousin. The captain of the guards then disguises Fairfax and frees him. The man and wife, who were masked at the ceremony, then proceed to fall in love with one another.

MINSTREL SHOW

The annual Union Minstrel Show was again a success, under the competent direction of Miss Severina Nelson. The show will be remembered because of the clever single and double specialty acts and the peppy chorus numbers. The Mills Brother II nearly stopped the show with their catchy harmony, and Stan Brasch drew a sob from the audience in the hit song of the show, "Brother Can You Spare a Dime". Betty Lou Hughes made a clever interlocutor in the guise of Groucho Marx. The credit for the most spectacular number goes to Margaret Jacobson for her graceful silhouette dance to the music of Hall Macklin and his band. McLain also put 'em in the aisles with "Willow Weep For Me."

"GOLD IN THE HILLS"

This tense, dramatic representation of the glorious triumph of virtue over villainy opened in Lincoln Hall Theatre on March 2, 1933, for three days. The happy homestead--Nell, the farmer's daughter--The villain enters--A fate worse than death--A blow for defenseless womanhood--An innocent child in the toils--In the villain's clutches--The escape--Beer between acts--"They ain't done right by our Nell"--The villain still pursues her--The mortgage on the old homestead--The hero returns--The villain is captured--Reward of Virtue. Laurels for direction to Wesley Swanson.

"THE GREAT GOD BROWN"

The curtain went up on Mask and Bauble's presentation of "The Great God Brown" on March 23, 1933. The cast, under the direction of Wesley Swanson, gave an interesting interpretation of O'Neill's psychological drama. The play deals with the effect of environment on two boys who are in love with the same girl *Margaret*, played by Margaret Jacobson.

The tragic characters are symbolically and strikingly presented. The air of tragedy is intensified by the use of masks, and the psychological forces involved are startlingly projected in the epilogue. *Dian Anthony*, the man who wins Margaret's love, is played by Preston Tuttle, while the materially successful *William Brown* is played by Justin McCarthy.

STAR COURSE

This year, as in the past, the University Concert and Entertainment Board presented on its Star Course a group of illustrious artists for the entertainment of the student body and the residents of Champaign and Urbana. The program this year was especially brilliant because of its variety.

The season opened with the appearance of Sergei Rachmaninoff. He was followed by the violinist, Albert Spalding. The next attractions presented on the Star Course were Segrid Onegin, contralto, and the St. Louis Symphony directed by Vladimir Golschmann. Then two special numbers were presented, namely: a lecture by William Beebe, scientist and explorer, and a concert by His Excellency Ignace Juan Paderewski. The season closed with the presentation of Ruth Page, premiere danseuse.

EIGHT hundred senior couples, on the nights of June sixth and seventh, waltzed to the close of their active social life on this campus. The ultra-humid night could not douse the joyous spirits of the departing seniors. Decorations, cool and springlike, music, soft and dreamy, with formal evening gowns, new and exotic, were a relief for the swaying couples from mid-examination worries.

FIVE huge festooned shades, resembling many-roofed chinese pagodas, topped by Indian arrow-heads, formed with an elaborately festooned false ceiling, and many large modernistic murals in pastel colors, a most dramatic setting for the dancers. Wayne King with his superb orchestra and Dick Cisne with his equally fine band furnished the dance music for this finale of the class of '32.

IN the center of the marine ballroom, three extravagantly high, green cylinders filled with swimming, many-colored fish, varied the usual monotony of the dance floor, and schools of fish swam leisurely to and fro beneath the green false ceiling. Opposite the extraordinarily fine orchestra of Henri Biagini, the dias of Isabelle Donahue, Prom Queen, was charmingly covered with the sea-green scales of mermaids. Spectators in the balcony marvelled at the flowing music, the gay couples, and the novel decorations.

HAND Salute!

The shined leather creaked as the officers saluted the flag at the end of the grand march which climaxed the Military Ball of 1933. It was precisely 11 o'clock, the night of March 3, that Student Colonel Elliott D. Durand commenced the march.

The Gym Annex was the setting, as the gleaming spurs, and the shined brass contrasted with the brilliant formal dresses to create the feeling of dignified gayety which prevailed. Henry Busse stirred the crowd with his soothing music, as the dancers swayed to his ecstatic rhythms.

THE 1933 Fine Arts Ball was held March 31, 1933, in the Architecture Building. Establishing what the committee hoped would become a tradition, the Hall of Casts was used as the principal room for the costume-dance based upon the French Revolution.

Beautiful murals upon which the senior architects had spend weeks of work formed the decorations, and added color to the evening which was climaxed by a mock guillotining.

BREAKING all tradition, the Pan-Hellenic Ball Committee voluntarily threw open its dance to all the students in the member houses, without additional cost upon the organizations. Although this destroyed the exclusiveness of the affair for the members of the Inter-Fraternity and Pan-Hellenic Councils, it made this dance one of the most hilarious and enjoyable of the year. The New Gymnasium was the scene of the dance which was held from 9 o'clock until 2 o'clock on the night of April 7.

IN keeping with the spirit of the times, the senior informal committee wisely decided to have as economical a dance as possible. With this idea in mind, the informal was held December 3, with the familiar Park Dance Hall as a background, and with By Wyman's orchestra furnishing the music.

Through the splendid work of the committee, every one who attended the dance had an enjoyable evening, and the proceeds were brought up to the point where they more than met the budget.

THE freshmen, with the assistance of many upperclassmen chaperones, celebrated at the Freshman Frolic on January 14th. The Gym Annex, decorated in silver and blue, formed a background very complimentary to the impressive dignity of the members of the Frolic Committee. Husk O'Hare and his Genial Gentlemen of the Air furnished the dance music which helped to make the freshmen quite pleased with their first social venture in the University.

DIGNITY, formality, and style were cast aside for the evening of the Ag Dance at College Hall. True to rural custom, the Ag and Home Ec students donned overalls, straw hats, bandanas, and gingham dresses. True barn-dance hilarity prevailed as the dancers dispensed with chairs and sat on the floor or on bales of hay. The gayety and informality of the dance made it a very pleasant evening for every one who attended.

THE Independent Spring Formal, Mi-Hila, was held May 5, 1933 on Robeson's Roof. Under a beautiful canopy of stars, with a silvery moon coming up, the independent men and women glided to the swirling melodies of the orchestra.

The dance is sponsored by the Independent Council, and is backed by all independent students. It is designed to give the unorganized campus people the chance to have a spring formal of their own similar to the fraternity dances.

THE University Bands are made up of three organizations The Concert Band, the First Regimental Band, and Second Regimental Band. Places in these organizations are determined by examination, and service in them takes the place of the required military drill and tactics. After satisfying their military credit, members of the Concert Band and selected members of the First Regimental Band receive a scholarship amounting to the annual fees required from students residing in Illinois.

The Concert Band is composed of selected musicians whose main purpose is to study the higher forms of music.

The First and Second Regimental Bands furnish the necessary music for military ceremonies, parades, etc., and serve to train members for the Concert Band

In addition to numerous concerts on the campus, the Concert Band makes an annual tour of mid-western cities.

The University owns a most varied and complete instrumental equipment. The band library, which is one of the largest and finest band libraries in the world, includes an especially fine collection of foreign band music. To this very large and complete collection of band literature there has been recently added the entire library of the Sousa Band which was bequeathed to the University of Illinois by the famous bandmaster, John Philip Sousa. The consolidation of these two band libraries makes available to the University of Illinois Bands what is undoubtedly the greatest collection of music for the modern concert or symphonic band in the country.

The University Chorus

THE University Chorus is the largest choral organization on the campus, its membership numbering 150 voices. The Chorus comprises students of the University, faculty members, and singers of the community. While the student membership changes largely from year to year, there is each year a permanent group of faculty and townspeople which enables the chorus to perform major choral works each season. Three concerts were given last year. Handel's "Messiah" was given in December, accompanied by the University Orchestra. In February there was a performance of Sir Edward Elgar's "King Olaf." In April, Saint-Saens' opera "Sampson and Delilah" was given in concert form. The chorus was assisted in each rendition by soloists.

Director Frederic B. Stiven of the School of Music is the conductor of the chorus, and Professor Sherman Schoonmaker of the faculty is the accompanist.

JUNIORS PASS IN REVIEW

UNIVERSITY

THE Reserve Officers' Training Corps of the University of Illinois has for some years maintained its position on the honor list of the country's military training units, and continues to furnish skilled officers, ready to drill and lead the military forces of the country. Students are offered two courses in military training. The basic course trains men in the fundamental work and fits them for the rank of sergeant or corporal in the Organized Reserves at the end of two years work. The advanced course is a continuation of the basic course. Men with certain prescribed previous military history may enter without the basic course as a prerequisite. The officers who comprise the advanced corps rank up to and include the student colonel and are given rank and advanced as rapidly as ability and diligence permit.

THE FIELD ARTILLERY

the Illio of Nineteen 33

BRIGADE

REVIEWING STAND MILITARY DAY

THE six branches included in the University Brigade are Infantry, Cavalry, Field Artillery, Coast Artillery, Engineers, and Signal Corps. Men receiving military training are given thorough training in the unit to which they are attached and a brief resumé of the work of other branches.

The Student Officers attend a summer training session during which they are given intensive military training and are given an opportunity to put into practice the theory studied throughout the academic year. Upon the successful completion of the two year advanced course, the men are given commissions as second lieutenants in the Organized Reserves. The rise in rank may continue from there, depending upon the amount of time and interest the men may have to devote to military work.

"WE, of the Reserve Officers' Training Corps, are here endeavoring to acquire a foundation for the qualities of leadership and executive ability which may later be developed into a valuable factor in the event of a national need Clearly, the immediate benefit to us lies in the development of self-confidence, in moral discipline, and in the all important advantage of character building. . . . I believe that each of us is entitled to every possible safeguard in the event that we are drawn into national conflict, and that the adequate training of leaders is the greatest safeguard of all

"I deem it a privilege and an honor to serve in this organization whose guiding tenet is duty, honor, and service to this University, the State and our Country."

OUR Brigade is regarded by the Corps Area Commander and by the War Department as one of the best in the country and both are keenly interested in our progress. We shall continue to justify their faith in us.

Your unit chiefs and instructors are intensely interested in your welfare and our hope is, that as part of this great University, we may aid not only in your training as leaders in time of national need but in your development as good citizens and as executives and leaders in your work in civil life. Our reward is in your success.

THE Officers' Ball is held under the direction of the Military Council, and is given in honor of the Commandant, Colonel David L. Stone, and the Regular Army Officers stationed at the University.

One feature of the dance is that it is attended by officers of the army and student officers only, making it a strictly military function. About three hundred couples attended the ball, which was held at College Hall the eighth of April.

The desire of the Military Council is to have this ball become an annual function, in honor of our Regular Army instructors.

U. I. NOW HAS FEWER SOCIAL FRATERNITIES

Beta Kappa Chapter Has Closed Doors; Some Others Are Awaiting Rushing Results

Social fraternities operating on the University campus this Fall will be fewer in number than a year ago, with several having perfected mergers, others closed doors, and still others considering the matter "to be or not to be" active.

With but two members back on campus, Beta Kappa Fraternity, 305 East John Street, established on the campus in 1925, has closed its doors, according to announcement Thursday. This chapter of Beta Kappa was one of 35 in American colleges and universities.

Three other fraternities, Delta Phi Alpha, Pi Kappa Phi, and Delta Epsilon Phi are not rushing, it is learned through the office of Dean of Men. It is also reported that none of the members are about the houses.

The opening of school likewise sees one of the locals long established on campus, mentioned in merger. Illus Fraternity members have joined Zeta Psi Fraternity. This was completed during the Summer.

The Conference Medal

EDDIE TRYBAN became the proud possessor of the 1932 Conference Medal. Each year this medal is awarded by the Intercollegiate Conference, through its Faculty Representative at each Conference institution, to the Senior who has been outstanding in athletics as well as proficient in scholastic work.

During three years of Varsity playing, Tryban won three letters in baseball and was elected Captain in his Junior Year. Most of the "Big-Ten" coaches regarded him as the best shortstop in the Conference.

the Illio of Nineteen 33

The memories that these pages will bring back are as dear to us as any part of our college education. That first letter that came just before High School Graduation or during the summer that followed, headed by the mysterious Greek letters, marked the beginning of the Fraternity career. Then followed the arrival on the train that Fall when we were greeted as long lost friends by men who were total strangers to us. How well they treated us, poor green freshmen that we were, and how they seemed to reverence the place whose only mark of identification seemed to be a shiny brass plate on the door bearing a few puzzling letters! Finally, after a few hectic days of rushing from one place to another we were taken into some lonely room, surrounded by several very serious looking men, and asked to

pledge. A moment's hesitation, a few questions, and we came out proudly displaying the buttons on our lapels. At last school started and with it Saturday pledge duties that we would never do at home, Monday night paddling sessions, and the formation of lasting fellowships. The first semester ended, grades came out, and one eventful night "Hell Week" was announced. The few days which seemed so terrible and humiliating then are now a pleasant memory. Then came the biggest event in our Fraternity careers, initiation, with its secret handclasps, impressive ritual, and the new feeling of eternal brotherhood. Fraternity life will always occupy an important part in a college education. It is a mould, a guiding element, and an unforgettable factor in the life of the college student.

the Illio of Nineteen 33

"And will you please sign the enclosed card and return it to me"—the first rushing date. For three days the young unsophisticated Freshman rushes from one Sorority to the next, listening to the same conversation over and over again, eating, smoking, and dancing, until her head is splitting and her feet ache, and yet, having the time of her life. Teas, house parties, radio dances, theatre parties keep the rushee busy until the time comes to fill out that terrible preference card. Lengthy house meetings, shrewd politicking, and under-cover blackmailing finally bring about the completion of "the list" for the Dean's Office. The climax of the week—Pledging—with its joys and disappointments, tears of sorrow and cries of joy, and its welcome

ending to the hectic ordeal of rushing! That early morning occasion will never be forgotten. Formal pledging marks the beginning of the young lady's greatest training period. Blind dates, sneak dates, letters from the fellow back home, pledge sessions, black marks—all contribute their share in bringing about the sophisticated air of the college Co-ed. The humiliating "Curtesy Week" ends the pledge-ship, and the initiation thereafter begins a new era. The proud display of HIS fraternity pin, the long hard hours of work put in for the Y. W. Stunt Show, Sunday afternoon teas, dances, quarrels, friendships, house-cleaning—all these things and many more unite to make the four years of Sorority life indelible in the memory.

the 111io of Nineteen 33

THERE IS NO *better* ADVICE THAN THIS FOR *dental* GRADUATES

It is generally agreed that only a small minority of the population avails itself of the services of the dental profession. Some sources estimate the number to be less than twenty per cent.

However, it is a well known fact that people are becoming more and more dental-minded now that they are beginning to appreciate the great value of modern dental service to their health and happiness.

Consider, then, what a wonderful opportunity is offered to you dental graduates who are beginning practice just as this demand for dental service is gaining momentum!

By establishing yourselves in the right locations and equipping your offices with new Ritter equipment which will enable you to take full advantage of your skill and professional knowledge, you will be prepared to meet this growing demand for high grade dental service.

Let the Ritter Architectural Department help plan your office. Start out with equipment that is built up to a standard . . . not down to a price. Begin right . . . buy Ritter! Ritter Dental Manufacturing Company, Inc., Rochester, N. Y.

the Illio of Nineteen 33

"WE'RE LOYAL TO YOU,
ILLINOIS!"

THE Philco Baby Grand is ideal for the student's room or for the home where there is a demand for more than one radio.

Commonwealth Edison Electric Shops are headquarters for dependable radios, and everything Electrical.

COMMONWEALTH EDISON
ELECTRIC SHOPS

72 West Adams Street
CHICAGO

Instantly . . . A SKIN AS
SOFT AS VELVET

MERELY dissolve half a package or more of LINIT in your tub and bathe as usual. A bath in the richest cream couldn't be more delightful or have such effective and immediate results.

LINIT is so economical that at least you should give it a trial. Let results convince you.

Perfumed LINIT is sold by grocery stores, drug and department stores. Unscented LINIT in the familiar blue package is sold only by grocers.

SCENTED

"Now I Know
the Brand to Buy!"

The tomato juice that you'll like best is Libby's . . . it's so rich in true tomato flavor, in vivid color, in Vitamins A, B and C.

Libby's Tomato Juice is made from perfect, red-ripe tomatoes by a special method—the gentle press method—which uses just a certain part of the squeezable juice. Just the choicest part. None of the bitterness from skin or seeds. And from start to finish, vitamins and flavor are carefully protected.

So naturally enough, gentle press juice is finer. Yet it costs but a few cents a can! Insist on Libby's—then you'll be sure of the flavor and health values you pay your money for. Libby, McNeill & Libby, Chicago, Illinois.

Unseasoned
except for a
little salt;

doctors rec-
ommend it

ARMY OFFICERS
◆

Specializing in
R. O. T. C. EQUIPMENT
19 W. Jackson Blvd. Chicago, Ill.

It would be inadvisable to mention the name of the company placing this advertisement in the 1933 ILLIO. Aspiring sophomores, perspiring juniors and expiring seniors from every campus in the country would be camping on our doorstep.

Even so, it seems a shame to spend the heavy dough for this advertisement without getting at least a little publicity. So the next time you have a car repaired, be sure and tell your repairman that you want **McQuay-Norris** Piston Rings, Pistons, Pins, Valves and other parts.

RAIL TRANSPORTATION

Still the Nation's Backbone

Be the Rivers Frozen, the Air Disturbed by Wind,
or the Highways Decked with Snow—

RAIL TRANSPORTATION Provides Dependable and On-Time Service.

EQUIPMENT

An Investment- not an Expense

APPROACHING the purchase of equipment with the thought that it is merely a compulsory expense, to be minimized by buying as cheaply as possible, would be equivalent to bargaining for a low-priced college course with the sole idea of saving money.

Both the college course and the equipment are investments, both should have capital value, both will return dividends in proportion to their quality and completeness.

S. S. White Equipment is made and sold on this basis—on the premise that nothing can be too good as a dentist's investment. If he buy real estate, it should be good, if he buy bonds they should be sound, in any investment he should look for permanency of value and adequate return—his equipment certainly should be a high-grade investment.

Furthermore, the office and the operatory are the dentist's daytime home—they should be conveniently and adequately equipped for his comfort and efficiency and as an inspiration for his best effort. From the patient's point of view the dental office should be inviting and reassuring; it should proclaim up-to-date, competent, and reliable service.

S. S. White Equipment lends itself to the perfection of these ideals. Office planning service furnished by the S. S. White Company and by the dealers who sell S. S. White Equipment, and the liberal terms of purchase enable the dentist to make his investment in equipment highly satisfactory in every consideration.

The S. S. White Dental Mfg. Co.
CO-OPERATING WITH THE DENTAL PROFESSION SINCE 1844

the Illio of Nineteen 33

TRAIN FOR PROGRESS

FOR one hundred years Chicago has been building and stands today in the front rank of world cities. The rapid growth, orderly arrangement, and massed beauty of the city show clear vision and careful planning when she was young.

Will you so plan your career that your personal progress will be something to celebrate? Five years hence will you be able to congratulate yourself for having had the foresight to take advantage of the intense practical training available at this school?

For more than three-quarters of a century Bryant & Stratton College has been placing capable young men and women in positions of responsibility and opportunity.

The Best Equipment is the Cheapest in the End

After a quarter of a century of equipping dental offices there is one fact that stands out in our experience. The Best Equipment is the most economical in the long run. Ask the dentist who bought New Ritter Equipment five, ten or even twenty years ago, and he will tell you that it functions just about as well today as when he bought it and with practically no upkeep cost in the meantime.

Ritter equipment is built to last a dental lifetime—and does. The man who buys it insures himself against embarrassing break-downs and costly delays at critical moments. No matter how cheaply an outfit has been bought it is false economy if the buyer finds it necessary to replace it a short time after its purchase.

Spread over the period of its use, the cost of Ritter equipment is a minor factor when compared to rent or laboratory bills. As a matter of fact, the expense is little more than that for telephone or laundry service, and yet there is nothing, except a dentist's personality or skill which is apt to contribute more to his success. Ritter equipment enhances the operator's skill. It beautifies his environment and makes his "daytime home" a happier and more pleasant place to work. Ritter users take just pride in their offices and rightfully so as no finer or more efficient equipment can be bought at any price.

The cost of new Ritter equipment is no higher than any other make of comparable quality, but for those who feel that their location or financial resources do not warrant the purchase of new goods, we can usually supply second hand or rebuilt Ritter Equipment at attractive prices. Whether your budget calls for an investment of three hundred or three thousand dollars, it will be to your advantage to consult with us.

We will be happy to help you find a location or assist you with any of the details connected with establishing an office, no matter where you purchase your equipment.

Our future is largely dependent upon the ability of our customers to buy teeth, gold, alloy and other consumable supplies. Naturally, we are much more interested in your success than a concern whose sole object is to sell you equipment. Any established dentist will tell you that other things being equal, it will pay you to purchase from the company that you will look to for your daily requirements.

A CDX Dental X-Ray Unit—You will need one in your new office

Leaders in the dental profession have their own x-ray units. They find that making their own radiographs enables them to spend their time more profitably and speeds their work with greater efficiency and accuracy. The fact that many of these leaders have chosen the CDX Dental X-Ray Unit evidences its superiority.

The CDX Dental X-Ray Unit hangs suspended from the wall. It is 100% electrically safe. You and your patient can touch the CDX while in operation without any danger of shock.

And owning a CDX is not an expense. A liberal monthly payment plan will enable you to pay each monthly installment from the revenues derived and still have a profit. In starting out you cannot afford to be without this important tool of your profession. Write for full information

TELEPHONE ME OFTEN!

Mothers like to hear the voices of their sons and daughters away in college. That's why wise mothers make arrangements for frequent telephone calls. Out-of-town calls are easy to make, only take a minute, and the cost is always moderate—besides, a telephone call is the most enjoyable method of communication.

“Annuals on Parade”

If the thousands of annuals published by universities all over the country during the past eight years were assembled all in one place, you would find a very definite majority of them parading in Molloy Made Covers. And the ILLIO would not be far behind, because, during the past eight years eight copies of the ILLIO have carried covers made by the David J. Molloy Company or its affiliate, The S. K. Smith Company. Now that the two organizations are combined under one roof, it can safely be said that there has been no break in the continuity of service to the ILLIO staff during the past eight years.

A flexible organization, prepared to serve any annual staff in connection with the development of an unusual cover, regardless of the financial problem which that staff might face from the standpoint of budget, regardless of the art theme which that staff may have in mind, is prepared to work for you. Complete information and data will be furnished on request, and your cover problem will receive the personal attention of a man who has spent more years in creating and producing annual covers than any other man in the country.

A. A. LUBERSKY

Vice-President & Sales Manager

THE RIGHT EQUIPMENT PAYS THE LARGEST DIVIDENDS

48,000 American Cabinet owners
say so. They chose wisely.

The American Cabinet Co.
Two Rivers, Wis.

FROM ONE ANVIL—

IN his one-anvil blacksmith shop nearly a century ago, John Deere built the first successful steel plow. That was the beginning of the great John Deere organization which today comprises ten large factories, each specializing in the manufacture of implements and machinery which make up the John Deere full line of farm equipment.

For 97 years the ideals of the humble blacksmith, whose vision, skill and industry contributed so largely toward the development of the middle west, have been preserved. The prestige that John Deere earned by building only high quality steel plows at his one anvil, today extends to every civilized country where farmers appreciate the extra value of John Deere farm equipment.

the Illio of Nineteen 33

ANOTHER ROGERS' ANNUAL

DISTINCTIVE

There is something distinctive about a Rogers' printed book. The clean cut appearance of the cuts and type matter is the result of the skill and experience of 25 years of annual printing.

We enjoy the patronage of high schools and colleges throughout the United States who want a distinctive book of the prize-winning class. Your specifications will receive our prompt and careful attention.

ROGERS PRINTING COMPANY
